

PatriotMom : Beyond excited to see this Andy Wakefield move❤️❤️❤️❤️❤️

Mimi: Sitting on pins & needles w/excitement!

An Grzyb: Hello, Greetings from Poland. Thank you for all the information, which is eye-opening. We also have the same training ground and syringe terror. NOPs are simply ignored, and reporting is virtually impossible🙄 When a child dies after💉 - cot death, the family is questioned by the prosecutor, and the medical aspect and vaccination history are not taken into account.

IndianaNurse: Rallying everyone I know to watch this with me.

Arby: PatriotMom — Vaxxed III isn't an Andy Wakefield move. It's a Children's Health Defense film. Kind of amazing.

Paul: This is Belgium ... I was in the hospital today, and felt very sad, when I noticed that there is still a general ignorance present. But as we were told 2000 years ago : let us forgive them, for they know not what they do.... at least I think so...

Renate: May our Great GOD Yahweh crush the enemies of humankind

Rose Zaffiro : Looking forward to the truth

Sathwo: Hey Wren. NorCal here too.

Sharyn: thank you Lynne

David : After all the evidence, videos, medical reports, studies and documents most people still trust vaccines. This is so sad.

Leslie: Would you allow a "vaccine" to be put in your arm that has no safety standards established and whose company has no liability for what happens after they give it to you. Sounds insane right? Well did you get the COVID shot? Support Senator Linthicum and Thatcher's grand jury petition to look into the fraud behind the COVID pandemic. <https://www.beyondthecon.com/> Support H.R.9828 which will make manufacturers liable for their vaccines so that those injured by them will have recourse. As it stands

vaccine makers can do as they please. Making them liable will keep us safe from dangerous vaccines.

clarke: Yes Macrq

FreePressStillMatters: that x-ray with the softball-sized tumor behind the eyes was very effective

Lena: My son was murdered by the Covid hospital protocol . 21 days in a private room in the ICU, 7 totating doctors, intubated, without informed consent. Medically induced coma with Fentanyl, Ketamine, Rocuranium, Midazolam. British Columbia, Canada.

Janice: Question for CHD - did any of the hospital nurse whistleblowers indicate that it seemed that some hospital nurses/doctors were sent to hospitals by the military. Reason for question is that based on some of the hospital stories where a doctor or nurse acted over the top brutal, I wondered if they were not ordinary hospital personnel but outsiders who were sent by the military as a special unit of military personnel who were skewed towards authoritarianism and brutality.

Susan: This is not right. I can Chat but not see the movie.

Annie Ocdan: drier to stop my friends and family from getting the jab to no avail. Now I have watched family, their in laws, their friends and my friends die and or have heart attacks and strokes. My Lesbian community nationwide is dying in their 60 and 70s

Carolyn : Hello from Massachusetts

Carol: All we need to know about these vaccines is that they were mandated and the liberal mantra "mybody, mychoice," doesn't apply!!!

Lu Drago: Oh our hearts

Nicola: A customer's husband died in August from turbo cancer. She's adamant it wasn't jab related. Another customer's husband died on his doorstep last week.

Kelley Wacker: Nicotine gum and patch helped my husband get over COVID fast. Dr Ardis recommends wearing a nicotine patch every day to prevent COVID n treat vaccine side effects n to prevent dementia, Parkinson's, Hashimotoes, autism n COVID n vaccine symptoms..it works since COVID n the vaccines attack our nicotine receptors in our body. NICOTINE is a nutrient ..it's not addicting says Harvard in 2016. We been lied to!

Emosi: Watching from the Fiji Islands

Human: hollywood took the shot too thinking it was ok (many) The internet influencers are thier replacements

Stacy : My husbands story is in this. One of the hospital protocol victims.

Apatriotfidoraa: Criminal, nefarious, not safe and not effective

Nancy G : My husband was permanently disabled by the flu vaccine n 2017. The side effects of this vaccine are eerily similar.

AnotherBetrayedLiberal: The reality is this carnage ... the words are "safe and effective, adverse events very rare." With everything, the narrative is opposite of reality. Harris / Walz say "none of your business" with the gov't in doctors offices. They say vote for them for bodily autonomy and democracy. And people Still believe this bullshit ...

JoAnna: Cont My sisters Drs did ZERO fir her, and just let her die. Criminals ! 🐈

PatriotMom : Why the hell has Fauci not been put in prison? They killed Hitler for doing this

Dede: Dr. David E. Martin tried to warn everyone from the very beginning... David Martin Butterfly of the Week You Tube ch... I found him at the beginning of the Plandemic

Suzanne: Covid 4 times with 2 jabs. Huh...I have heard that same story over and over.

Suzanne: It wasn't just the US Government. This was world wide.

Zumi: Polly is so great doing these interviews.

Morpheus: Ugh

Human: do the opposit

Macro Val: They has been working on this shot... it is not a vaccine... for a long time... all lies it was made fast.

Dede: Mr. Bill Gates said..."For the World at large normalcy only returns when we've largely vaccinated the entire global population."

Liz: My heart goes out to all that have suffered from vaxxes. Thank you CHD, health professionals, and experts for standing up and speaking out. "We the people" need to continue to take action to make the changes we want --- nobody else is going to do it. Blessings to all!

Ebony: My grandfather died after the bird flu shot in 2010, I knew not to touch a vaccine after that. Not to mention all the parents who told me their children's autistic diagnosis post MMR, as a kindergarten teacher, I heard it over and over. I owe these victims my health.

jackie: all government stooges are horrid

Debbe: Agree about polio EKI-Dr. Mary's Monkey

Mary Jo : Thank you for fighting for humanity and our freedom

V.Penn: Only 5 mins into this and I can't stop crying. This is terribly heartbreaking.

AnotherBetrayedLiberal: Yes, the govt is like Nazi Germany, all over. And they use that example to drum up fear against The Bad Man for saying stupid shit. But he wouldn't have forced people to choose job or job / school.

Macro Val: Yes, Zumi, Polly is great at the interviews and the way she talks and cares for these people.

Barry: Know that they lied, natural immunity truly lasts, I have had 6 Covid anti-body tests (having gotten a light symptom in July 2020 and no vax) and they have all been positive. And I have not gotten Covid since 2020!

pearl: watch the language about monkeypox they are started to use fear x

Pacific NW bad ass: Is this discussion an introduction to the film, VAXXED III? Or am I on the wrong page?

Dede: It's not a vaccine... it's gene therapy technology injection

Ron: The government does nothing but lie, no matter the issue. That's what they all do.

Anonymous : This kind of thing has been going on for decades going back to 1955 with the polio vaccine the statistics from that in particular are horrific

EKI: MKUltra is in full swing

Liz: Lena in B.C Bonnie Henry is a sociopath

Jean: SV 40 in polio vaccine

1wascallywabbit: @Kelley Wacker where are you still getting info from Dr Ardis? He is someone I lost contact with

Dylan: Brother died one week after 1 shot. Wife had 2 shots and now has cognitive deficits and severe tinnitus.

Kay: My brother-in-law had Normal Pressure Hydrocephaly but was doing ok prior to the jab that he received (without our permission as POAs) at a nursing home. He died went downhill quickly and died a year after his jab.

Carrie: Thank you CHD, and thank you to all of those who were brave enough to shared their stories.

pearl: I agree, it's a bioweapon

AnotherBetrayedLiberal: "If it must not be, it cannot be". People cant fathom they could be that evil ... I used to think they cut corners to make \$\$, so maybe the shots could cause autoimmunity down the road. How naive ...

mary: evil evil

clarke: yes susie

Deborah Kishbaugh: Hello from Idaho! Thank you for Vax 3!

PatriotMom : You cant move on when you have to care for your adult child who was once productive and happy

FreePressStillMatters: it'd be interesting to know how valid any of the "trial" data was - or how to categorize or assess any of the censored / available data from Pfizer and the "vaccine manufacturers" given what we know about the actual role of the DoD contractors under OTA EUA - in other words - is Fauci to blame or the FDA or who exactly - the DoD? HSS?

Human: mRNAzt

SLD: Link finally working.

Mandy : I took mine and regret it. I had Covid twice and had long Covid that gave me chronic migraines the answer was take the booster.

Debbe: Missed the start. Can we restart at all

clarke: Its evil disguised as benevolence

amy: nice to see young people involved

Zumi: Hospitals were incentivized to kill patients

Sara: "Vaccines" have been killing people for well over a century... starting with small pox

Debbe: These girls look so young

Michelle Spencer: It's time we start fighting back. We the people love humanity. Love always wins. We have to continue waking people up!

Suzanne: I was willing to be fired because I was NOT getting jabbed. Fortunately, it did not come down to that.

Carolyn: ^^ Ron This is going to be available free going forward. You just won't be able to comment live.

CHD.TV: Save this link to share Vaxxed 3. <https://chd.tv/vaxxed3>

Linda Conrad: Our Amazing Grace!

Dr. Jane: Grace's story breaks my heart

Debbe: We saw this gentleman on The David Knight Show twice

Sara: I am blessed that I never got the shots.

Macro Val: Amazing Grace!

Sara: Dr Sam Bailey: Now we know viruses have even been proven to exist

Pacific NW bad ass: Bill Gates is a psychopath and eugenicist! A bold, brazen, murdered. Africa and India are suing Gates.

Mandy : The "answer" was not the answer. I have not vaxxed my girls with this and refuse!

Will: Family member has blood clots in leg, eye and clots out of their nostrils.

Michelle Spencer: All vaccines are poisons. Don't get anymore ever ever ever!

Debbe: Thank you for the link

amy: i think the evil side are messing with this movie already

Debbe: Yes, we are not vaccine deficient

Linda Conrad: Our Amazing Grace from Wisconsin, we pray for all who were harmed and killed!

Rivkah:

Crystal Corbett: Several of my friends got the two shots, some three... and some of them have had Covid multiple times and one got shingles. It's been four years and he's still breaking out with shingles.

Barbara NJ: My husband got one without telling me :(They killed his mom on remdesivir and a vent and they scared him that he would die like her

Allegra: I almost got fired for not taking the shot. So thankful I listened to Dr. Mercola, who warned us early to not take it.

RP: The big question is...what is going to happen to all these evil players that brought this on to everyone???

PatriotMom : No of them deserve this none of them

Sara: Dr Sam Bailey: Viruses have never been proven to exist = no need for "vaccines", ever!

Shakirah M. : Tuning in from the Poconos

EKI: The hospitals are still killing people in droves. Suzanne Humphries book Rising from the dead she talks about how docs take out organs for fun during other surgeries and then lie to insurance company. The hospitals are conc camps

clarke: The first pandemic in history where everybody died in the hospital...

Suzanne: The government certainly has no consideration for folks with a disability.

Dede: Gates wants to control free speech in America and the World... eliminating the 1st Amendment

Michelle: <https://thedrardisshow.com/>

Pacific NW bad ass: Yes, Dede: GENE therapy technology injection! Also known as "population reduction" and "eugenics"

Zumi: Barbara my husband confessed he considered getting one, but did not

Michelle: <https://thedrardisshow.com/>

Ron: QUESTION AUTHORITY! Never truer than now.

Zowe Smith-The medical coder in the movie: hello everyone

Michelle: <https://thedrardisshow.com/>

Frankw2k: Hey yall

Keisha Hertzock : Watching from Louisiana

Michelle: <https://thedrardisshow.com/>

Jean: Take away the immunity

Barry: A vaccine must stop infection (symptomatic) and transmissions. Always remember it's THAT simple. If an injection doesn't do BOTH it's NOT a vaccine. That used to be common knowledge. The Covid shots were only potential symptom reducers (like aspirin) at best. At worst, well we're seeing that here..

Kerry: There is no way that any drug could be effectively tested in 9 months.

Carolyn: Zoe is great. She's written a book and was interviewed separately at CHD-TV.

PatriotMom : 100% right Sara the amish have proven this

Michelle: [thedrardisshowcom](https://thedrardisshow.com/)

Lisa Lasker: Polly, you are so loved, such a blessing validating all of us! Your actions mean so much to me for letting us tell our stories and exposing this heinous practice of sacrifice for the "Good of the Herd"? We are not a herd...

Dr. Jane: Likely, there will be no repercussions on this earth for those behind this, but I am certain there will be many uncomfortable conversations with St. Peter!

Jean: Immunity from lawsuits Stop it

Elsie: Every doc pushed it, but not 1 could tell me what it would do to me. Yet, they still kept pushing me to get it. Nope.

HolisticNurse: Thanks to all involved in producing this documentary.

Pacific NW bad ass: So true, all true! Fully agree with Ron and Anonymous.

Michelle: Dr. Ardis on nicotine....search for that... Amazing info

pearl: Fauci knew that the hospital protocol will cause kidney and organs fail will cause kidney

clarke: gutless doctors and nurses

Barbara NJ: ruined our marriage. I don't do liars. Very hard now

Suzanne: What is even more maddening is providers were not permitted to administer or prescribe drugs that actually worked. This was ALL planned. Every single action and order was pre-planned.

Zumi: People could have been given respiratory treatments at home

Debbe: My friend got to view the theater release in Cincinnati with Carolyn Betts from CHD. She said it was so moving

clarke: stay tough barbara...

Ron: Meanwhile, Bill Gates is the biggest land owner in the US, intent on controlling the food system. Poor evil.

Danielle White : Kamala Harris and administration like John Kerry wants to do away the first amendment.

EKI: I loathe medical doctors, before covid I distrusted by after all this that has happened they are serial killers in my eyes

CHD.TV: Do you have your own story to tell? Email CHD.

Michelle: Dr. Ardis

Barbara : bbarnett_8@yahoo.com

1wascallywabbit: Than You Michelle for Dr Ardis' info

Sara: Www.dr.sambailey.com exposing the fraud of Covid / Virology

Pacific NW bad ass: So sad and sorry - for these highly preventable losses, Dylan! I am heartbroken to hear your story!

Michelle: dr. Ardis

Dede: "Of course we'll have to have less safety testing than we normally would have so the governments will have to decide whether or not to indemnify the companies and say let's really go out with this"... Bill Gates

Dawn Corrigan: Beyond grateful for all of the truth tellers 🙏

Barbara : BLESSYOU CHD....

clarke: there was no pandemic...

Debbe: Any doctor or nurse who administered this protocol or vaccine should be held accountable

Laurel-: Hello from Phoenix

Barbara : BLESS YOU CHD

Barbara NJ: Staying strong but lost the love I felt. He trusted everyone else but me who loved him the most

Zumi: Hospitals are awful

Dave Vella: <https://www.thegms.co/departments-of-medical-ethics/>

Dede: We went from that to "extremely safe, extremely effective and fully tested"

Kerry: This was a genocide

Michelle: OMG, Dr. Ardis has an answer... look it up plz

clarke: hospitals are absolutely awful...

Debbe: We lost friends from the hospital protocol and from the jabs

Zumi: So sorry Barbara

Lisa Burg: I'm confident that my uncle Rudy died from Remdesivir. I was the only one of his nieces or nephews willing to go into the room in the hospital as he was failing from so called Covid. I didn't have the foreknowledge or authority to step in early to get him on D and C and zinc and quercetin. So they put him on remdesivir and he really declined. I work there and I know the doctors believed they were doing the right thing. I sat with him as he told me what he wanted at his funeral and then when he died. I'm sure none of my relatives would accept that I think he died from remdesivir

Cathryn: My physician too said no treatments, just the vax.

Michelle: The govt is killing us

Nicola: More men than women seem to have been affected, judging by these interviews.

Barbara : BLESS YOU CHD....AND BLESS THSE WHO STILL NOT BELIEVE

KMSF-DB: thanks so much for this video I am with KMSF-DB RADIO AND GOT permission to air on my radio staion

Kim Freedom: hi Polly,Brian, mary holland I hope! Most of you met me on the bus in Seattle, I am in desperate need of legal help, I gave a 46 page letter to a children's HD Wa woman at the vaxxed premiere in Seattle she said she could get to mary holland. Did she receive it?..? Update is keycard is digital I'd, cannot get in door of my public housing bldg. SHA is planning to digitize apt. Doors to also use same key card, digital I'd I refuse to get. This will lock me out completely. I will die if homeless, so much more to say, did anyone get my handwritten letter? Please contact me, in desperate need of legal help. No other options for me. Help me please before I am homeless, and unreachable, truly feel I will die then, I am alone zero support at all. On impatient friend,s tablet. Hope can finish movie with you, unsure. Love you all Kim

Robins Rabbit Hole: I wish there were a way to make the world watch this! Maybe if we offer money to anyone who can prove it incorrect? That way they would have to watch it to try to come up with something... so... they would have to watch it! Mission accomplished! :-)

Kerry: My preemie daughter was killed with vaccines in 1999. They shot her up with everything without my knowledge or consent

Ron: Maureen. Hate to burst your bubble. But Jill Stein and the Greens are also sell-outs.

Barry: In casually surveying recurring clients from 2020-2022, more of them were ill after the vax release than before.

KMSF-DB: I have permission to air this braodcast at KMSF-DB RADIO

Michelle: Hospitals/hospice get money when people die.....the masses need to know this

clarke: Read the story of Sheila Annette Lewis in Alberta Canada...

EKI: Debbie- they wont. Nuremburg was theater. We need to defund the hospitals by getting healthy with our diets and then we dont need them and then they can collect their last checks and go home and pound sand

Pacific NW bad ass: NO apologies ever needed (ie: being blunt) for knowing and telling the TRUTH!!! WE ARE THE ONES WE HAVE BEEN WAITING FOR!

BChristine: Watching from DE ... so sad.

Stephen Strickland: I am vax injured when 8 yrs old with mumps meningitis which became ankylosing spondylitis in my thirties. After 20 years on deadly pharma and opiates I am now much better totally herbal

KMSF-DB: this is a great broadcast. I have been with the kennedy campaign

Suzanne: Murdered for Money is absolutely 100% the truth!

Barbara NJ: Thanks Zumi. He seems ok. I looked up his number and it's not on the list so I think it's saline but still the lie hurts and the anger he had towards me with the truth. I need to talk to CHD about what they did with my son in the hospital as well.

EKI: Hi bchristine.. im in Delaware

Sarah: I cant believe they did this. Its hard to get my head around

Zumi: Remdesevir is poison

jo: The hospital killed my brother :(

Jean: This is murder, nothing less.

d: covid,no jab,hospital refused antiviruals, did their protocols, killed him.

joan: Watching from Pennsylvania TRUMP 2024 please God

Valerie: The hospitals received incentives for everyone they admitted/ put on ventilators

Barbara NJ: Barbara NJ - CDH please reach out to me if you can.

Dede: Someone please respond to Kim

Ron: Don't believe for a moment that either side of the uniparty cares a whit about any of us. They are all corrupt, evil scumbags.

BChristine: Hi EKI

Michelle: I wish I could have a copy of the comments. There are so many of us that know the truth

Reina: Everyone needs to watch this!

Anonymous : Hospitals got \$31,500 for every Covid death they reported

Lu Drago: Heartbreaking

Joan: Watching from Pennsylvania TRUMP 2024 please God!

Elizabeth from Canada: "Do no harm".

Amy Teitter: @stephen Strickland : glad you are better! So sorry!

EKI: Delaware sucks. Sheeple everywhere

Stacy: I have been to a lot of events fighting this and speaking out so it's possible.

Karen: Yup. This was long before Covid: My grandmother called the doctors "pill pushers" and once said, "Stay out of the hospital. People die there." Then years later, my mom told my Dad that if she ever has to go to the hospital, don't take her to the local hospital because they'd kill her there. They were both right.

Lisa: My late husband died at age 44 bc of this. His death records read, "white, 44yo Unvaccinated male". Curious if for those Vaxd is it stated in the first few sentences?!? Regardless vaxxed or not, Big Pharma is killing people. I talked with the board of the hospital during this time, desperate for an advocate to stand with him. I was escorted by the hospital security from day 1 until they came to pickup his body.

Barbara NJ: My son is autistic, lyme and pans now and PTSD from the hospital

Kriste: Still happening. My mother was murdered Feb 2024 but now the hospitals let you in for visiting hours. Security will shadow you if you call them out!

Kerry: medical tyranny

Tbk: Crimes against humanity! Nuremberg II

BChristine: EKI, Yes, mostly sheeple here ...

Allegra: MMS1 or the Universal Antidote. Look for it on Rumble. Now that I have the Universal Antidote, I don't fear infection.

Di'Anna Malone Yesterdays Visions Today : The Nasal Rape Tests My Dad in a Care Home treated poss and Mom Did Not.... OH but 3 days Later Mom tested Poss... Story we Have! Took Dad Home for Hospice He Kew they were Killing Him. .

Anonymous : Also every other major cause of death declined dramatically during Covid

Jean: No true placebo. No ral safety eval.

Zumi: Condolences Lisa

Stacy: It's time for groups to start helping the cases that are fighting this legally and help us financially to fight this all the way, to use those cases as the ones to open the door for more. We can't do this on our own. We need the help

Audrey : This is the hardest part to watch.

Sandy: Documenting the insanity - my husband's employer offered \$5000 lottery for getting vaxed. He refused. Then they took out \$25 per paycheck for not getting the shot. Then they required him to go to the Walgreen's and get tested every week. INSANITY. And everyone wants to pretend it was not a planned attack against humanity by a global system. We're so happy we refused the shots.

Robin: I noticed a big difference in how I was treated at the ER - whenever I was told by a medical professional that I needed to test negative for covid in order to see them, the hospital rapid covid test was always negative and I could go see the medical person the next day. The first time I ended up at the same ER without an issue about needing to go to a medical person - I was there because of food poisoning, basically - they did a covid test on me and then told me the test ws positive. I told them I had no flu symptoms, just that I was doubled over. The stomach cramps ended in a couple more hours, I was abld to wal home and I was fine. I called the Public Health Dept to tell them that the hospital covid positive test was wrong and to remove that report. They said in order to do that, I'd have to test negative two times. In

other words, they were completely in charge of this narrative. I haven't gone back to that ER again. They lied to me and I don't trust them anymore.

Kathy Cramner: One friend dropped dead in 1 week.

Barbara NJ: They PCR tested my son every 3 days in the hospital - pure evil

BChristine: We need accountability on these crimes!

Liliane: Tive efeitos graves com a vacina pfaizer...dor no coração, fraqueza muscular extrema, zumbido, insônia...

Ron: People of all political stripes need to finally realize how much we have in common and nothing in common with the elites who view us as expendable "deplorables."

Dorna Chambers: So many people would still be alive if they would have not believed a lie

amy: they targeted the unvaccinated

HolisticNurse: He is also responsible for my patients deaths...

Zowe Smith-The medical coder in the movie: I wrote a book about my testimony and the protocols. thrillkillmedicalcult.com

Michelle: I am still trying to inform people and their head is up their ass because they think they know better, OMG.....

EKI: There is never going to be accountability The best we can do is try to save each other

Debbe: My husband's boss got Bell's Palsy just from being PCR tested

Macro Val: Love that look on Polly face

Kathy Cramner: Friend had 6 strokes in 6 months. PAD & Dr says "We cant help you"

clarke: Agreed EKI

Barbara NJ: Hospital is a death sentence. We need real places to go now. Please shut these places down.

Michelle: Common Sense has left

Keisha Hertzock : What? No fluids

Audrey : Beyond evil.

Suzanne: These poor patients were tortured.

joan: RFK Jr will work with president Trump

amy: its murder

flman: this is throw the naysayer in the volcano for a good harvest season mentality

Paul Skippen: I want these people to be held responsible murder. Killing the nonnaval. The worse crime of all

N.Cal Mike: Big question: What do we do next time when they do this again?

Liliane: Dor cardíaca com a vacina pfaizer, fraqueza extrema, zumbido e insônia...

Zowe Smith-The medical coder in the movie: I didn't know they were starving people and withholding water

Debra: So who was responsible for the protocol? We need to know and they need to see this plus be held accountable!

Debbe: Will check it out Zowe...thank you

clarke: The only way it could work is if people thought they were doing a good thing...

AnotherBetrayedLiberal: Someone I know is a nurse who works w covid patients. Still, she is so deep in the narrative. She means no harm, but she believes the narrative on everything. Years ago she asked her infectious disease doctor about Ivermectin when I was telling her about it. The senior ID Drs response must be the truth.

EKI: I think Trump is using RFKJ... dont trust it. Benedict donald is as bad as Kamalluh

Barbara NJ: I was told to say you are vaccinated or they will do terrible things to you. They probably jab everyone in a hospital even if you say not to

Ron: I am no fan of Trump but TDS is just one of the elite's methods of distracting and dividing us.

Apatriotfidoraa: "we the people and patriots speaking the truth. So many spot on comments here. Copy and share.

Valerie: Crimes against Humanity!

Macro Val: How INHUMAN is it to keep water from someone asking for it

Michelle: I am reliving my mom's death..... OMG...why do these freaking idiots not listen

BChristine: Beyond evil is RIGHT

HolisticNurse: The global leaders want us to believe someone will "change things". It doesn't matter who is in office. They follow orders

Crystal: These people still work at the hospital...

Christine, RN: Anthony Fauci and Bill Gates should be punished for crimes against humanities

Pacific NW bad ass: So sad for the loss of your sistar! Tragic and 100% EVIL

mary: ignorance? or deliberate ignorance?

Dr. Jane: That is the worst cruelty... withholding water. I can't believe even the most head-in-the-sand nurse wouldn't have realized that they were torturing people.

Paul Skippen: We need to hold these people accountable bastards

EKI: It is sickening they kept them from water. I am getting angry

Michelle: So much suffering... he doctors do NOT KNOW BETTER...OMG!!!!!!!!!!!!!!!!!!!!!!

Karen: Medical kidnapping and torture.

RP: How can the people who did all this look themselves in the mirror every day?

Barbara NJ: Tons of drugs on my motherinlaw too

Dani: Murderers

pearl: Everyone has a price. Doctors and nurses financially benefitted from each

Carla: victims must sue collectively in criminal and civil court

Upstate NY: Fired for not getting the job; we lost my brother-in-law to the protocols

Zowe Smith-The medical coder in the movie: they gave all the patient on vents precedex the entire time they were on vents

Pacific NW bad ass: Patriot Mom - Putting Gates in prison for life, is one of my TOP GOALS IN LIFE NOW!!!

Kaitlin: Thank god they allowed me in the hospital room and I was able to refuse all the medications they were trying to give him. All he needed was oxygen and we finally got out on day 3. I slept on the hospital floor and didn't leave his side because I knew if I wasn't there watching they would have killed him. Tried to give him morphine when we wasn't in pain which is a respiratory suppressant.. for someone who was having a hard time breathing

HolisticNurse: Many of my former coworkers are still brainwashed.

Stacy Wilson : Watching from Kaukauna, Wisconsin

Macro Val: Great job with the editing CHD with all the stories that were collected... It makes the point so clearly

Michelle: hOW DO UPI WALE THESE IDIOTS UP.....AND OMG THEY VOTE!!!!!!!!!!!!!!

Liz: Exactly Suzie!

Debbe: All involved need to be imprisoned and given every Warp Speed jab known to man

THOMAS IN WASH.: Intentional orchestarted depopulation

Suzanne: There was no informed consent.

Kim Freedom: We lost this, I,m here again, hope someone saw my post

Zowe Smith-The medical coder in the movie: same holisticnurse. I hear you

Julie: I'm a nurse who worked ER during Covid. We were killing people with Remdesivir...causes multi organ failure which is what most people died from in hospitals. Covid doesn't cause multi organ failure.

Kriste: Harrass patients, starve, tell patients all night they will die if don't incubate...no turning, cleaning , trapped in bed by O2, confuse families by cslling at all hours of pm snd early am. I begged for 6 hrs snd got sugar wayer for mom through IV thenpushed into pallitive care! Told so many lies!

Carla: they put them in a coma then they give him the poisons, and they don't eat or drink so they die.
DEf the vents will kill ppl

flman: remdesivir = rundeathisnear

Ron: There are many responsible--government, healthcare practitioners, media, BIG Pharma. Many should be languishing in prison like they did to Julian Asanage whose only "crime" was revealing government lies.

Joan: I finally found the link in the junk.

Barbara NJ: Ventilation and then 10 days dead - payouts. my mil was on on these meds too

John Lukach - Author: This message is directed to Ms. Fitts; My name is John Lukach. I have been trying to reach you all kinds of ways. I was told you would be in attendance for this premiere. I hope this comment reaches you tonight. I can help you and others. I am the author of "Covid-19 Vaccines and Induced Anaphylaxis" My book hit the BULLS EYE, and was number one in Amazons Social Sciences Category for almost three weeks before it was taken down. This title was one of the first that was banned, because it was about the work of Charles Richet, Nobel Prize winner in 1913 for his discovery of anaphylaxis. The information in this book will sink the entire toxic vaccine ship, expose everyone responsible, and end vaccination forever. It MUST be publicized. I need your help. I offer it for FREE to anyone. THIS IS SOMETHING THAT YOU ALL CAN USE NO MORE VACCINES - ONE AND DONE ANAPHYLAXIS IS THE KEY ALL GUILTY BECAUSE THEY KNEW THIS THEY MEMORY-HOLED RICHEL FOR PERFECT MURDERS THE ANAPHYLACTIC PATTERN WAS USEFUL BUT KNOWLEDGE OF IT WAS EVIDENCE! PLEASE READ:

<http://estateartistry.com/blog/on-restoring-charles-richets-rightful-place-in-history>

<http://estateartistry.com/blog/questions-and-answers-about-charles-richet-and-his-findings> I have other things of value to contribute, all for nothing: 1) I am the only person I am aware of that has also successfully reversed a terminal covid vaccine injury case. I want to share how I did that, and help others. 2) I know how to silence smart meter EMF without touching them, they will function ONLY as a kilowatt hour counter, like the old analog meters. I can disable their ability to communicate any other usage data, or produce any other frequency other than the standard clean 60Hz electrical power. 3) I can also provide the original patent, and plans, that explain how to build Walter Russell's free energy device that actually works. This is the original Russell Genero-Radiative Concept, which I understand, with a detailed plan and proof of concept. It is not difficult to build, or prohibitively expensive. It can be done. Will you speak with me if I produce all of this? -John

Azre2003: Is this the movie playing now?

Mario A Leblanc: WANTED Bill Gates and Fauci for Biocrimes, Fraud, Extortion, Crimes Against Humanity, Coercion and Murder!

Valerie: Fauci and Gates need to be charged for all of these deaths

Thomas Peckman: I'm a survivor of the hospital protocols. I took an ambulance to the ER on Day 8 of symptoms with an O2 sat of 67%. I spent 38 days in the ICU, on the vent 3 times for 20 days and pumped full of 11 doses of Remdesivir in the first 10 days. I was the first to survive that ICU.

Michelle: Remdesivir is deadly!!!!!!!!!!!!!!!!!!!!

Kriste: Given Haldol and otherstuff without consent Sent to end of life care without informed consent

Dede: Kim Freedom I hope someone responds to you

Carla: take your loved ones out of the hospital. Fauci is lying and needs to be arrested,
Dr. Jane: The data shows, Mr. Fauci, that you are a liar.
Kaitlin: flman - well said!!!
Debbe: Run-Death-Is-Near
Zumi: Movie is playing
Pacific NW bad ass: 100% agree Debbe! Prison is the ONLY place that psychopaths belong!
Ron: They don't punish or censor you for lying, only for telling the truth.
Happycat: Fauci's punishment is waiting at Judgement
Robert: RunDeathsNear
Nicola: Whistleblowers should have spoken out much sooner.
Sandy: Pfauci=death
Linda Conrad: deborah Birks face shows that she knew fauci was lying
Erin O'Brien: I knew people who died from this. We were rejected from our very community for not getting the shot
Candice: This is giving me PTSD... I'm all teared up...
Julie: Fauci is the devil.
BackyardBane: I saw a LOT of people with masks today at the grocery. Any new scare viruses being thrown around?
Debra: Fauci knew Rem killed 53%

Robin: wondering if a transcript of this could be created for anyone interested to read.
Debbe: Yes, and Fuhrer Fauci and Scarf Lady are Jesuits
clarke: Marburg incoming...
Dr. Jane: Candice, do you have support?
Susan: I keep losing the movie
Robert: RunDeathsNear
Robin: If you create a transcript of this film, we could print it out and post all over town, etc
You get to herd immunity from natural infection. If the jabs provided protection, then no unvaxxed person would be a threat to those vaccinated. Not vaxxed, never got sick, but I have antibodies :
Fauci is such a liar!
Robin: since people are still extremely unaware of what's happening
Dede: THE WHO JUST HAD A MEETING IN GENEVA ON MARBURG
Elizabeth from Canada: It is like they wanted the patients to die. To boot they were billed to the max before they did the deed.
Barbara NJ: they needed nebulizers and breathing machines but they did the remdesivir and vent and all those drugs. evil F s
Julie: This whole thing was planned by the elite. Why did doctors agree to their plan to kill people? It's a death cult.
Zumi: That is a death sentence, vent and remdesivir
Kriste: Mass general Boston
Debbe: Operation Dark Winter coming.... Tyrant Tim Walz was a culprit here in Minnesota
shirley: well planned depopulation!

1wascallywabbit: I took screenshots of NIH website site after Dr Ardis showed Table 2e stated Remdesivir caused Renal failure before NIH removed it

Macro Val: Love this couple... just wait to hear the end of their story

pearl: Remdesivir was shown causing kidney and organ failure in animal trials!!! Fauci knew

joan: Could not get the antibodies

Jean: Scarf lady washing her military role

Debbe: They have no right to blackmail or extort your rights

Heather Herington: So glad for this!

N.Cal Mike: Fauci should face a firing squad. He was involved in the creation of COVID-19, covered it up and lied to us all

Gangsta Gammy : Grace's Dad was on Joe Oltmann's conservative Daily early on! and we tried to save folks, Sandy Miarecki , and pam Long fought hard to inform. we kept telling folks, Dr. Ardis told us Remdesivir would kill kidneys and vent flood the lungs. We knew over 3 years ago, and they lied. Fauci and Birx families are true nazis, and sadly this is worldwide genocide.

Lillie M. Moss: Jacksonville, NC 28540

Joanna: NJ hospitals still kill people

Ron: People should understand that the Covid debacle is not isolated. It's all part of the authoritarian agenda.

Robin: Debbe, what is operation dark winter?

L.N. : Tried to talk to my family about all of this since the beginning. They still won't listen

Linda: Hello from South Dakota

Adria: After most of my large family was vaccinated my aunts, uncles, cousins and even some nephews died from sudden heart and cancer very atypical illnesses. One after another 4 months after vaccinations in the past two years we have been mourning in Costa Rica and Mexico. This has been a nightmare. Family members that went into hospitals with the 'infection', never came out alive.

Pacific NW bad ass: Way to go Robin! No more trust for people who can be "bought off"

joan: Could not get the antibodies treatment because my husband was white!!!

Debbe: Yes, he should N. Cal Mike

Zowe Smith-The medical coder in the movie: one more time my website is thrillkillmedicalcult.com, books explaining my statements in the movie available there.

Peg : Every health provider who ordered or gave the patient Remdesivir, and know the truth now , speak up .

amy: " i feared being murdered in the hospital" how sad is this

Lillie M. Moss: This is soooo sad.

Joanna: Hello from NJ - grim state

Beverly: A friend's husband was killed by hospital protocol

Zumi: Joanna I'm in NJ Morris County

Kriste: Heart damage from remdisivir too

Kim Freedom: If any response to me, I haven,t seen it sorry. I,m having trouble reading stilted chat. Trying better to catch answers now.

Michelle Spencer: All of our loved ones were tortured and I'm so sorry for all of us who lost our loved ones . Please have peace knowing that a few weeks of pure hell is nothing compared to eternity in paradise

Sarah: Thank you CHD for doing this

Barbara NJ: this makes me so angry and still my husband will never say you were right. I told them not to give her remdisivir and a vent

Joanna: A friend just died today at NJ hospital, had she not gone there she'd still be with us

Nicole: Watching from Rochester, MN ... home of the Mayo Clinic who handled Covid like all these other hospitals

Michelle Spencer: My mom's name was Christine Johnson

Pacific NW bad ass: So outraged and sorrowful for your loss Lena! Speechless in Seattle.

Jeannie : remdesivir is snake poison Dr Fauci will have to stand before god to account for his dishonesty. So evil.

Lim : Why aren't they disclosing these names of doctors?!

Joanna: I'm in Union county, hi Zumi!

Michelle Spencer: I'm the RN speaking right now

Dede: Remdesivir was pulled from clinical trial for Ebola in Africa because it killed 54% of the test subjects

Barbara NJ: WHEN WILL THERE BE JUSTICE?

Zowe Smith-The medical coder in the movie: Thank you Michelle!

Zumi: Right next door!

Sarah: 😭😭😭

Sharon: Go back to the original email, it is working.

AM: First there was the go home and turn blue phase.

GC: This is horrific

Julie: Hi Michelle. I'm so sorry for your loss...from an RN.

Valerie: L.N. me too! I'M glad that my mom, aunt and daughter did listen to me as most of my family were brainwashed. It's truly heartbreaking!

Debbe: These vaccines are loaded with parasites. That is why Ivermectin and other antihelminths work

HolisticNurse: Julie - Long story short. Doctor have been groomed for years to follow protocols. They were wooed to leave private practices to join groups. They are kept very busy - 15 minute visits. They outsourced their learning to the CDC. They have been brainwashed and if they try to protest, threatened with their jobs. Those who woke up and took a stand paid with their jobs. The rest are traitors.

Joanna: Yes

Pacific NW bad ass: YES! Well said! ALL TRUE Mario!

Michelle Spencer: Thank you

Kriste: Totally stripped of dignity.

Kaitlin: What was the motive with remdesivir? Did they want to kill patients? Who was in charge of introducing the protocol?

John Lukach - Author:

Dede: FDA CDC AND ADMINISTRATION STILL PUSHING THE FAKE "VACCINE"

Michelle Spencer: I start at the source, I'm a postpartum nurse and I talk parents out of giving the hepatitis B vaccines to babies

Riva: This make me furious again as it is so clear that they murdered my husband.

Lim : What are the names of the hospitals and doctors of death?

John Lukach - Author: HOW TO REVERSE VACCINE INJURIES:

Debbe: And you cannot have any other illness now...everything is Coven91

Julie: I was trying to get the doctors I worked with to stop Remdesivir and use Pierre Kory's protocol and they scoffed at me.

Suzanne: Good for you Michelle Spencer.

Dr. Jane: Michelle Spencer, you are a hero!!

clarke: following orders

Roná Alexander: My Dad was treated for Covid when he went in for a heart attack. He had ZERO covid symptoms! Thankfully, he walked out of St John's hospital AMA.

mary: yes doctors of death

AM: Somewhat toxic. My understanding is Remdesivir killed.

HolisticNurse: Bravo Michelle. I was a Fam Med clinic nurse and did the same with all of them.

Lillie M. Moss: I wonder how these medical personnel who were pressured to give these detrimental treatments.

Lim : So wicked

Pacific NW bad ass: I am saving Maddoff's prison cell for Gates and Fauci!

Michelle Spencer: We can save millions, I'll never stop

John Lukach - Author: THE OCCULTED HISTORY OF VACCINES

Robin: Thx, Pacific NW bad ass - not only did I inform the ER that I didn't have any flu symptoms, I also asked the doctor if he was aware of how many cycles the covid test was run. He didn't know. So I informed him that I had read that the more cycles the covid test was run, the more the likelihood the test would find some viral particle. So there I was informing the doctor how the test worked, not the other way around. We know more than the medical professionals and we need to speak up in medical settings like this.

Sarah: Is this just happening in America? Or other countries?

AM: Yes Michelle

Stephen Strickland: Contagion is a well known myth. I personally have volumes on the subject so wake up folks, there are no lethal viruses.

Joanna: functional/integrative medicine is the way to go. Can't wait for more places to open and we need new hospitals with proper care. Not greedy doctors

John Lukach - Author: <http://estateartistry.com/blog/cure-your-cancer-by-christmas>

Lim : This makes me go back to school for nursing at 50. Nurse for Justice

Audrey : True, Stephen.

Michelle Spencer: Thank you to all of you heroes too. There is power in numbers

Kaitlin: waking people up

HolisticNurse: We were born for such a time as this.

Elise: and they are still using remdesivir

Elizabeth from Canada: The love of money is the root of all evil.

Zowe Smith-The medical coder in the movie: I agree holisticnurse.

Suzanne: When does Medicare EVER want to pay more than necessary? When they want to kill people.

Allegra: God bless Dr. Mercola for warning us to stay out of the hospital. We were very ill, but rode it out at home.

Michelle Spencer: Yes holistic nurse 100%

Sara: @kaitlin Remdesivir is Fauci's baby. A failure. Fauci needed a way to profit from it anyway

Carla: yes we knew but we couldn't get the liberals to understand. So many trusted their doctors and hospital.

AM: Preverse incentives to make money hand over fist....at the expense of the life of the patient.

Janice: This is so evil.

Erin O'Brien: ALL THE VACCINE INJURED FAMILIES NEED TO MARCH IN FRONT OF THE WHITE HOUSE AND DEMAND COMPENSATION AND APOLOGIES TO THE PUBLIC. REPERATIONS FOR THE UNVACCINATED.

Debra: so evile

Valerie: NOne of this is/was about health, it's always been about the money.

PWS: -Hullo and Love from Melbourne Aust.

Joanna: Can't believe people still go for flu shots. Please stop this madness. It's pure poison.

Gangsta Gammy : Early on we heard Dr. Ardis tell us about the remdesivir, being kidney killer, vent flooded lungs. Sandy Miarecki was in Co. Sp. with us, and we did some meetings to advise. Pam Long also was talking and sending out information. I am in Co. Springs. We shared protocols, detox, etc. like glutathione ivermectin, etc. Bollingers Remedy series also helps lots teach harm of all vaccines. CHDF is awesome with this coverage. We saw Died Suddenly too. Dr Bregin We are the Prey and so many brave doctors. Add Dr. David Martin who warned us! THIS was a pathogen, planned bioweapon made here, and funneled to Wuhan! UNC Chapel Hills , Fauci, Barick, Daszak, and more

Debbe: Is the chat going to be archived? Great info and contacts in here

Suzanne: Follow the money.

Eve: Must consider the activation by RF exposure. Without effects would be less. CHD docs need to address this truth.

Michelle Spencer: My mom's name was Christine Johnson and she was so beautiful

Debbe: Death incentives

AM: Yes Janice....SO EVIL

Pacific NW bad ass: Way to go! Kaitlin, so courageous, brilliant, and loving! Bless you!!!

Zowe Smith-The medical coder in the movie: I want to contact this woman

Stephen Strickland: Even Pateur, on his deathbed said his germ theory was fraud.

Debbe: So sorry Michelle.....we lost two very dear friends as well

Ron: The Founding Fathers were not angels but I am convinced that would be appalled at the current state of our government's actions. This is far from what they had in mind and would think their revolutionary experiment has ended in failure.

Jaclyn: Why I avoiced hospitals for my 3 children. 3 homebirths ---- completely vaxx free kids. So thankful I was awake to this before covid.

Robin: After the ER told me my covid test was positive, the doctor immediately said she could give me paxlovid. I told her I didn't have any flu symptoms. I knew what was goingg on. It's amazing to watch medical people lying in front of you!

Rivkah: Is it not interesting how any of the politicians who took the vaccine didn't have issues? Did they fake taking it?

Sharon : Dr Paul Marik is in Australia now on tour with Prof Angus Dalgleish from UK. Remdesivir dangers and 20% hospital bonus mentioned last night in Sydney.

amy: as evil as its gets

Nika Smith Mom 2 Mom Facebook group : My son developed vertical nystagmus 9 days after his DTap vaccine at 2 months old

Debbe: Yes, Stephen

Marilyn: People should be able to sue the hospital and big pharma for the use of Remdisavere. Since they are legally protected from being sued for the COVID shot, but they are not protected from being sued for that Remdisivere protocol, are they??

Lim : Many doctors knew that they were going to kill the pt. They needed to track and treat other pathologies for thier doctor degree

Deborah: I am in health care and refused the vaxxx. EVERY facility that administered Remdesivir should be sued by every family who lost a loved one and shut down!

Nika Smith Mom 2 Mom Facebook group : DTap vaccine is so dangerous, all of them are

Zumi: PCR anotherfraud

Jaclyn: Were the drs paid to follow protocol?? Or basically do this or lose job?

JoAnna: Dr.paul Marik is a true American hero, fighting

Max: Yeah, somehow the flu completely disappeared

Eta : Brilliant and hard hitting. Let this movie stun and wake up people and perpetrators of harm around the world. Time for accountability.

Stacy: What they didn't show here. I got 2 drs to break protocol and give my husband ivermectin and a proper steroid. His blood oxygen went from the 60's to 100% in less than 24 hrs. He was improving every day more and more. Then on day 4 two drs revoked what was working saying they had to think of their own livelihood and paychecks first.

clarke: look up Aman Jabbi

Joanna: On Josh Trent site there's a great interview with Dr. Peter McCullough please watch it, it's long but worth it

Dolores: I agree...every doctor, nurse, hospital, etc. needs to be held responsible for this mass murder game they were playing. And if nurses were doing this, and they knew better, what incentive did they receive?

Joanna: tests are scam also

Zowe Smith-The medical coder in the movie: she means cycle threshold

Sara: Yes Stephen Strickland. ViroLIEgy.com

Zowe Smith-The medical coder in the movie: yes sara

Gangsta Gammy : Hospitals got big bucks for Covid. How many tests had stuff on the tip, dr. Campbell in UK etc. the tests are false, and useless. Lies. The whole narrative is a lie. UN agenda 2030 2/3 of us they want dead. Thanks Harari, Schwab, Global Khazars, and bankers. We are under an attack! <http://estateartistry.com/blog/questions-and-answers-about-charles-richet-and-his-findings> I have other things of value to contribute, all for nothing: 1) I am the only person I am aware of that has also successfully reversed a terminal covid vaccine injury case. I want to share how I did that, and help others. 2) I know how to silence smart meter EMF without touching them, they will function ONLY as a kilowatt hour counter, like the old analog meters. I can disable their ability to communicate any other usage data, or produce any other frequency other than the standard clean 60Hz electrical power. 3) I can also provide the original patent, and plans, that explain how to build Walter Russell's free energy device that actually works. This is the original Russell Genero-Radiative Concept, which I understand, with a detailed plan and proof of concept. It is not difficult to build, or prohibitively expensive. It can be done. Will you speak with me if I produce all of this? -John

Kaitlin: @pacific NW - thank you!! I feel so lucky I was informed and could be his advocate. I realize now how lucky I was that they let me in there.

Debbe: I have to advance chat as well

Joanna: Anyone with so called 'long covid' please chew some nicotine or tobacco leaves. It really helps. Just not too much too fast. Dr. Ardis site has a lot of info about this.

Mary B: ditto, Dede

Peg: The hospitals need to be investigated. Becker's health publication knows which hospitals are doing well financially.

Macro Val: Yes, being scared to death

Audrey : Money and power.

Sandy: Do y'all remember the Olympics opening? Children in hospital beds and syringes everywhere. This is SOOO insane that normal people can't fathom the depravity.

Zumi: Boo hiss boo Fauci

Dr. Jane: The data shows, Mr. Fauci, that you are a liar.

Pete: Show me the money. False positives bring in big money then add in the Remdesevir, ventilator and death and millions of dollars for these hospitals

Julie: Name the hospitals

Zowe Smith-The medical coder in the movie: she's right, as someone who used to work in a lab

Amy Teitter: Fuck face Fauci

AM: Fauci also scared people to death during AIDS.

Sara: We are being poisoned with toxins everywhere - spil, food, water, big Pharma etc. Then we get sick, our bodies try to heal, and the claim Virus! Hoax

Ginny - Vax Injured: You can use natural nicotinamide instead of nicotine patches

Pacific NW bad ass: Yes, preplanned, intentional, business plan to MURDER people worldwide! This is a global atrocity, 100% eugenics - the systematic eradication of people.

John Lukach - Author: Covid is radiation sickness and vaccine injury

Pete: Fauci and everyone involved with this scam needs to be in jail

Nika Smith Mom 2 Mom Facebook group : I would love your book

Diana: Fauci..... :(

Amy Teitter: Yes he did. Fauci is pure scum.

Dana : I pray people watch, many of us saw what was happening while it was going on. We were called many horrible names.

Karen: Remdesivir was used in 2018 during Ebola outbreak as one of 5 experimental treatments. It was the first drug to be removed from usage due to the renal toxicity and amount of patient deaths from the treatment. This was documented and well known.

Anonymous : My grandma got the shot and the booster and before then she was active full of energy then within a month she went into the hospital with chest pain and they you have dementia and cancer her physical one month earlier had shown nothing . She died one week later

Cynthia : Is anyone here watching this new to this? I feel stuck because we all knew this was going on but my friends who were clueless during Covid don't want to hear or learn anything counter to what they believed. Just wondering if anyone here is just leaning about the truth from this video or if we are all just those who already know. Also, excellent work with putting this together, thank you for your work! ❤️

Lynn Chelewski: My dad was denied Ivermectin which was fervently requested by my sister who was with him in that Las Cruces, New Mexico hospital. The doctor tried to imply that it was illegal. My sister had to fight for decent care by staff. At one point I called Adult Protective Services in New Mexico, was assured that a patient advocate in the hospital would be assigned to Dad. There was never any contact. So, a World War II veteran who had earned 6 Bronze Stars died a slow miserable death. People like Dr. Fauci and many others should be charged with mass murder, no better than war crimes.

Ginny - Vax Injured: Its just like everything in our world. We use toxic things every day. We sleep in toxic beds, have toxic flooring, toxic chemicals to clean, so it all adds up

Amy Teitter: Fauci needs 76 covid shots now

Sara: Virology is a HOAX, a centuries old fraud hiding damage from poisons all around us

AM: That disgusting little man that gave license to kill with this obscene kill protocols.

Carla: Remdesivir was made for Ebola but it killed 50% of the trial. Fauci sent it to China who then tweaked it and then Fauci bought made money to buy it back and order hospitals to use it as a protocol to kill people. Fed in on it by giving bonus of 20% on the entire bill

Star Hawthorn: Germ theory is far inferior to Terrain medicine. The pcr tests are not appropriate method for testing covid.

Gangsta Gammy : WHO is run by a real criminal terrorist. UN is corrupted big time, and they are with WEF trying to take over the world, and take our freedom. This Tedros was known as a terrorist! We must defund them all as they are enemies.

The only time I was there without needing to go see a medical person the next day, then the covid test was positive. They were not confused - they knew exactly what they were doing. Stand up, folks.

Reina: Fraudshe smiles as he lies, knowing people will die from his protocols! Evil! God will hold these devils accountable as they deserve.

TeenyTinyTasha: Fauci is a real piece of 🤡

JoAnna: Fauci --Filthy liar !!! 🐱

Emily: The PCR test was NEVER supposed to be a "test". All it does is magnify the cells on the slide. It doesn't "prove" anything. The greater magnification settings of the PCR, there more that there was to look at. Even the creator of the PCR said it should NEVER be used for diagnostic purposes.

<http://estateartistry.com/blog/questions-and-answers-about-charles-richet-and-his-findings> I have other things of value to contribute, all for nothing: 1) I am the only person I am aware of that has also successfully reversed a terminal covid vaccine injury case. I want to share how I did that, and help others. 2) I know how to silence smart meter EMF without touching them, they will function ONLY as a kilowatt hour counter, like the old analog meters. I can disable their ability to communicate any other usage data, or produce any other frequency other than the standard clean 60Hz electrical power. 3) I can also provide the original patent, and plans, that explain how to build Walter Russell's free energy device that actually works. This is the original Russell Genero-Radiative Concept, which I understand, with a detailed plan and proof of concept. It is not difficult to build, or prohibitively expensive. It can be done. Will you speak with me if I produce all of this? -John

Jaclyn: yes debbe. the shedding makes me worried.

Kim Freedom: Keep losing movie and chat, giving up, please please check legal call me, so very need your help, voice only, try again and again, wait for message. Love love love you all!!

Gangsta Gammy : The making of COVID is decades! NIH Fauci Et all made it here! Funded by our dollars, and Epstein and Gates! Fauci & Birx Nazi families. They were exposed by Dr. David Martin at EU in Belgium and they ignored them. This planned Demic lie was to weaken and take us down. Depopulation, demographic genocide,

Kim: Trump needs to denounce 'Operation Warp Speed.' It has been a disaster!

Nicola: I had a positive test on Dec.18th 2020 and was very ill from then until after Christmas so there was definitely something doing the rounds. I could barely get out of bed. I have been well ever since, yet friends who were sick at the same time (and subsequently been jabbed needlessly) have had various health problems.

Robin: Dr Richard Cheng is a doctor in both China and the US.

Dede: Even though it is deadly and Tedros said to HE STILL ALLOWED IT TO BE PROTOCOL

Eta : Hard hitting. Criminals. So much harm. Horrendous.

Sara: Yes , many ppl still getting boosters!! 7th, 8th, 9th... wow

N.Cal Mike: They're testing wastewater for Covid to see how much there is in the population and what is the predominant strain for their boosters. There need be NO sick people at all for their strategy to scare people into taking boosters

Jean: Sarah. Yes all those deaths Add beagles to the list. Remember the dogs killed a slow death eaten alive by blies

Pacific NW bad ass: Yes Dede, these psychopaths always meet in secret!

Macro Val: Dr. Mumper.... YES! Polly did a great job with all the interviews and the movie is edited fantastically. All those videos and they have put them together to make the point come across

Lim : Has any doctors gone to jail over this?

Zowe Smith-The medical coder in the movie: book is called the covid code, get it at readthecovidcode.com

Zumi: Nicola, there were no tests Dec 2020

Reina: Fraud she smiles as he lies, knowing people will die from his protocols! Evil! God will hold these devils accountable as they deserve.

Deborah: Dede There are both long term and short term damage from the jab. See VAERs website. They have not correctly reported in main stream media or powers that be.....dig deeper and you will be horrified.

Zowe Smith-The medical coder in the movie: I am not on facebook, but I have a contact page

Dr. Jane: Dr. Mumper, you are a hero of mine!!

John Lukach - Author: THIS IS SOMETHING THAT YOU ALL CAN USE NO MORE VACCINES - ONE AND DONE ANAPHYLAXIS IS THE KEY ALL GUILTY BECAUSE THEY KNEW THIS THEY MEMORY-HOLED RICHEL FOR PERFECT MURDERS THE ANAPHYLACTIC PATTERN WAS USEFUL BUT KNOWLEDGE OF IT WAS EVIDENCE! PLEASE READ:

Reina: I know people who lost their husbands to the hospital protocols being mentioned here. Sad.

Kim Freedom: I meant CHD legal, not check legal, please call!

Eta : Freedom of Speech... No censorship ever. We see the treachery around the world.

Pete: The Advisory board who pushed this protocol all need to be held accountable

Debbe: Covid will never die and the merchants of death will only be held accountable by God

GC: We need to stop funding who and nih and say no to the children getting 72 vaccines to attend school. I am glad i am not single i dont want to be around those vaccinated. I feel sick alot.

Sara: N. Cal Mike: virology is a hoax. Dr Sam Bailey exposes how "viruses" are a scapegoat for harm & death from toxins in food, soil, air, water, Big Pharma, etc

Pacific NW bad ass: Elizabeth, it's not an "as is" Rather, THE CLOT SHOTS ARE DESIGNED TO KILL. It's preplanned, intentional, and seriously BIG business!

Joanna: Zumi - why won't your husband watch it?

pearl: Hang on! So, the head of WHO Tedros actually stated that Remdesivir was not showing any evidence to be stopping death from Covid but New Zealand's Health Director Dr Bloomfield still pushed it on New Zealanders as protocol!!!!

Dede: ANONYMOUS...YES TRUMP ALLOWED GATES TO INFLUENCE HIM... ARTICLES ON QUARTZ AND STAT

John Lukach - Author: Can anyone hear me?

Nicola: Zumi - There WERE in the UK.

dancepavilion: Nicotine is good:) The best nicotine product is NicNac Naturals

Lisa : Fraud chee is a demon

JoAnna: Dr Paul Marik --a true American hero !

Suzanne: Cuomo...ugh!

Carol: The big way to stop this terrible injustice: the PEOPLE must demand no INVOLUNTARY DEBT SLAVERY by enlarging the federal debt.

amy: Grace's story is tragic

Pacific NW bad ass: Julie, yes! And, it's profits over people!

Irma: Dr. Fauci is just plain evil!

Pete: That is what should have happened! Sue the lot of them and this is medical negligence

Debbe: And now the HELLEne victims were targeted by weather manipulation

Ron: Even cynical me did not believe in the eugenics theory but I am convinced now With AI, the elites will need fewer and fewer of us. Then, today the corrupt Dems have done a complete about-face on immigration in order to encourage an influx of "undocumented" to fight back against US workers by depressing wages and demand for health benefits. And my opinion is not to be construed as anti-immigrant. In fact, quite to the contrary as they, like the rest of us, are also victims. The first step is foreign policy to create unlivable conditions in poor nations, then either sending work offshore or now open the floodgates, throwing one group against another. This is nothing new but getting much worse.

Steve: "In short, DMSO expertly cleans the body of anything toxic and flushes it out, while providing instant pain relief commensurate with morphine and alleviating circulatory issues." Sounds like ludicrous hyperbole, Lukach, and the all caps spamming doesn't help ha. Be careful everyone.

L.N. : Hopefull someday they will do an investigation of chemotherapy (poison) py

Kim: Well said Debbe. God will sort them out.

Carolyn : Kill factories! I'm sorry, but WHY didn't nurses and doctors stand up and vilify these protocols and yell far and wide what was happening. I have lost all respect in the medical community. How can anyone trust them?

Zumi: He is just not into it. He is a little under the weather today also.

Thomas Peckman: I learned to do PCR testing almost 20 years ago. It was made perfectly clear to us that physicians should never make a diagnosis and treatment decision based on a PCR test alone. We were told the test result needed to be correlated with symptoms and other clinical findings to determine if an active infection was occurring in a patient.

Sara: Pacific NW: exactly! DR mike Yeadon called it early: the shots are bioweapon

JoAnna: Dr Pierre Kory - another true American hero !

Dede: 🤔🤔🤔 CUOMO

Michelle Spencer: I don't know why this wasn't put in the movie but in my hospital, prior to 2021, we'd have 4 dead babies/fetal demises per year. After vaccine, pregnant women came into the hospital to deliver and we started having 4 fetal demises PER WEEK

Lim : Are there common denominators to who's pushing the drug and whos carrying out the treatment?

Deborah W: Doesn't Dr. Ron Paul's son, Dr. Rand Paul own stock in Gilead Sciences?

Tina: There are some doctors who have stated that they have never seen cancer in the unvaccinated (no vaccines throughout life). Cancer can be 5, 10 40 years later when having had any jabbs.

Pacific NW bad ass: What is best source of info for "Operation Dark Winter"?

Gangsta Gammy : Who has tried to gain control via emergency to our whole nation. The WHO WEF and UN alone have been criminal in wanting to control us. THIS is a full on attack on this nation. We are the slow boiling frogs. We must stand up to our Health Boards, and all systems. Right now, schools, pharmacies, stores, are giving new batches of this CLOT Death Shot to people, along with flu shots. Face it, Look at what is in these shots. It is criminal It is horrible!

Pete: Allopathic medicine was formed on patents and profit's

GC: When can we the people yell neuremberg 2

Joanna: For anyone new to this please listen to Dr. Ardis and Rashid Buttar (rip), both are on Rumble.

Elizabeth from Canada: Imagine doctors are seeing dollar signs when your loved one is admitted to the hospital?

Cate: This is still happening. Tracy CA my mother in law was hospitalized for dehydration from a recent bladder infection, she had covid two weeks prior and it was nothing, light cold. The hospital tested her for covid and said it was positive and wanted to start Remdesivir. She had no symptoms, no fever, no cough, nothing. She called me and I told the nurse NO, do not give her that drug.

Debbe: The direct government page Pacific

Sara: Michelle Spencer: wow! 4dead babies pwr week?! Hope they show that in the film

Zowe Smith-The medical coder in the movie: OMG, Michelle, that is HUGE

Michelle Spencer: Contact me at Facebook healing ground

Dede: Deborah you better believe they all own stocks in pharmaceutical companies

Joanna: men are funny that way, my bf watches everything with me now and I'm.

Pete: Death induced by allopathic medicine

Robin: The only instance I've heard where the PCR test is useful is for Lyme disease - it has a 77% chance of recognizing Lyme disease, a bacterial infection.

Debbe: We downloaded the OPERATION Dark Winter scenario and have it on a hard drive

Pacific NW bad ass: Fully agree N.Cal Mike!!! Right next to BillyBoy Gates!

jo: My best friends dad was given remdes... and he didn't last long after that. he was such a fun loving guy who alot of people loved . will we ever get justice?

PatriotMom : Oopsy having technical issues?

Tina: I've come to feel that doctors are now legalised drug pushers.

Deborah W: Doesn't Dr. Ron Paul's son, Dr. Rand Paul own stock in Gilead Sciences?

Michelle Spencer: Yes 4 dead babies per year to 4 per week !!!! That should wake up everybody!

Dede: this is tearing my heart out

Debbe: We lost a 2 month old granddaughter in February

Sara: Pete: yup, all abt greed! See DrSamBailey.com

AM: Northwell to this day has this sign up. The words italicized are in quotation marks....We're not just raising "our" standard, we're raising "the" standard of health. Learn more at Northwell.edu/LookNorth. Right look north while they take your loved ones health South. Smacks of I am the science. Northwell pushes jabs and the centralized jab registry.

cj : MURDERERS HAVE TO STAND BEFORE GOD ONE DAY

Diane: This is heartbreaking to know the taxes I paid into the system were used to murder my fellow Americans.

Thomas Peckman: I need to have access to this movie on my phone so I can share parts of it with my hospital medical laboratory coworkers. They don't believe anything I tell them. I survived 38 days in the ICU of the hospital where I work in the lab. 3 times on the vent and 11 doses of Remdesivir in first 10 days.

Gangsta Gammy : Teeny Tiny Tasha you are absolutely right. Fauci and all did do gain of function. Ukraine has / had 46 bio labs. Pathogen, and Genetic serious Ectogenesis, etc. Bidens had lots to hide. Otherwise, why do we give undreds of billions, to Ukraine, and not enough for our own vets, or hurricane victims (bioengineered weather for sure so they can do lithium mining) ugg

Zumi: So sorry Debbe

Corinne: Carolyn, some of us did step up and spoke out, then quit and started seeing people in their homes

Reina: Judas took 30 pieces of silver. The hospitals took thousands! Blood money is a curse, and these hospital workers involved will reap what they have sown!

Joanna: I'm

AM: Why is Northwell still asking patients if they had the Covid jab?

Deborah: They care more about money than the well being of the patients they gave an other to do no harm. They need to repent!

Pacific NW bad ass: L.N. Unfortunately, you are not alone. 99% of the people I know choose to be 100% asleep. Tragic!

Zowe Smith-The medical coder in the movie: AM, because they are tracking that info with ICD-10 codes

Pete: They bully and push this crap alongside most other approaches to symptom management. There is NO cure with allopathic approaches

Joanna: I'm no longer a conspiracy theorist.

Deborah: oath to do no harm

Reina: Judas took 30 pieces of silver. The hospitals took thousands! Blood money is a curse, and these hospital workers involved will reap what they have sown!

Sam: \$1-5million???

Mary O: None of my friends have a clue about all this, they've bought the media spin and it's demoralizing.

Zumi: Conspiracy theory come true

Michelle: "Covid-19 Vaccines and Induced Anaphylaxis"

Michelle: How do I get it

John Curtis Strickland : Never again will I put poison into my child's body ❤️

Debbe: We call it Coven91-Witchcraft in a Syringe

lydia: i read this book about a nurse in the beginning and she said do not get put on ventilator you will die.

John Curtis Strickland : Exactly what it is

Stacy Wilson : So Happy to see Scott sharing Grace's story many of us in Wisconsin similar situations.

Kaitlin: good for you @John! protect our children

Pacific NW bad ass: So heartbreaking Adria! Tragic and 100% preventable!

Carolann A.: Punta Gorda, Florida

sally: They lied to us all. I am done believing these people

Joanna: please people no shots. I wish more parents wouldn't send their kids to schools that require jabs.

Debbe: Yes, Scott has been on The David Knight Show twice now

Skyminke: ❤️😞🙏

HolisticNurse: Zumi - a friend of mine calls us conspiracy factualists

Ron: Gangsta is right. The latest WHO agenda would remove rights from sovereign nations and transfer decision-making to phara-dominated entities such as the WHO and UN, controlled by the likes of Bill Gates and the evil doers at WEF.

Pete: Thank you to these courageous medical professionals Every one should step forward or God will have no place for these demons

Carolann A.: Thank you from Punta Gorda, FL

Rivkah: I am an RN of 30 years. I advocated to whomever would listen to not get the vax and not to go to the hospital. I knew once they were put on the vent they wasn't coming off. This entire fraud is evil. There is a special place in hell for all those people.

John Curtis Strickland : Hi mom ❤️

Zowe Smith-The medical coder in the movie: I prefer the term spoiler alertist

TeenyTinyTasha: My daughter's photo is on the bus. I know her face will be popping on screen to smile at me soon. Memories of her & her ashes are all I have 🏠 Childhood 📺 took her from me. I knew as soon as Covid -19 started it was all a sham. I can't trust anyone in a white coat.

Shawn : MY friend Justin Spain was killed in hospital no jab but died

Cc: Providence in Novi Michigan murdered my neighbor-62 yrs old no jab and only wanted oxygen. Husband and children not allowed to visit. They vented and gave remdesiver.

Joanna: I tell everyone - no shots of any kind. Our bodies are precious and don't need that evil crap.

Dr. Jane: Rivkah, you are a hero!

Pete: Every drug has chronic side effects

John Lukach - Author: This message is directed to Ms. Fitts; My name is John Lukach. I have been trying to reach you all kinds of ways. I was told you would be in attendance for this premiere. Shawn : My friend was 32 year old, healthy

Steve: "What I can give you is not medicine, it literally does nothing" People beware with this Lukach person, it is BEST TO get your info from multiple sources for these reasons!!

Lisa : Trump was proud of the vaccine

Dr. Jane: Zowe Smith - Thank you for telling what you saw!

Michelle: how do I get this info

Sara: Please do the deep dive into the research behind Virology. Hint: its all been a lie! ViroLIEgy.com. DrSamBailey.com

Kaitlin: so tragic. what happened to informed consent??

N.Cal Mike: That's an admission that they killed people with the ventilators

Michelle: John Lukach - Author: This message is directed to Ms. Fitts; My name is John Lukach. I have been trying to reach you all kinds of ways. I was told you would be in attendance for this premiere. I hope this comment reaches you tonight. I can help you and others. I am the author of "Covid-19 Vaccines and Induced Anaphylaxis"

Jaclyn: conspiracy factualists is 100% on target

GC: Debbe sorry sending prayers

Lisa : Heartbreaking 📖

Robin: What Michelle Spencer above is reporting about the babies is important and I hope you will put this info in your next film.

Jay : The most dangerous place you can be for your health is at a hospital

Ginny - Vax Injured: I am sure Fauci lied to Trump. How would he know he was lied to?

kristiankristian: what sick individuals... the whole pharma industrial complex needs to be taken out

Deborah: John Lukach They are blocking you link.

Kaitlin: this is so disgusting. oxyegn in the 90's and needing a vent? Im just so confused

N.Cal Mike: Informed consent only matters when there is liability

Lisa : In tears

Dede: 📖 📖 📖 📖

Ron: I truly hope this film completely opens eyes and minds to what the powers that be have up their criminal sleeves. This is merely the beginning unless masses of people across the world wake up...and soon!

Enid Padilla: This is so incredible disturbing ! I cant even comprehend how are this people talking

Zumi: Trump was told people needed ventilators and vaccines and he delivered them. I don't think he acted maliciously, but he was surrounded with bad people.

Pete: So many emotions here so sorry for all those who were injured or killed by this and to all involved they need to stand up and speak out because millions more will be dead if they don't

HolisticNurse: Kaitlin - most people had no informed consent. A lot of nurses don't even know the term VIS.

andrea: I

Thomas Peckman: The first time I was on the vent, day 2 in the ICU, I was supposed to be on for 3 days. On the 2nd day I wiggled down in my bed so my restrained hands could pull the endotracheal tube out. The next two times I was on the vent they had me on stronger sedation meds and wrapped my hands while being in wrist restraint again so I wouldn't pull it out again.

Carol Sterritt: In Japan, instead of expensive & deadly ventilators, the med people used C PAP machines. No need for surgery to install, and only 700 bucks a piece! Japan had 1 corpse from COV for every 62 that USA ended up with!!

Shawn : This was always coming all these movie showing what was coming

Sara: See Dr Mike Yeadon (former Pfizer VP) on Substack or Telegram. He spoke out EARLY re do not take Covid shot!!

Joanna: NJ hospitals are a*\$&holes, they killed my neighbors also

GC: Went to a hospital in nj last summer and they asked if we had the jab. They would not take her. Left and went to another hospital. I need to call ceo and call that out.

Shawn : to kill off large amount of people cull the population

AM: OMG...they didn't tell you I was coming? Palative kill care

HolisticNurse: And the vaccine information statements are severely lacking adequate info.

Pete: Yes Jay get out and stay out of these abattoirs

Enid Padilla: So heartbreaking

Sam: These dirty rotten satans

Sara: Carol Sterritt: wow big difference in Japan!

HolisticNurse: I showed patients FLCCC Info and Open VAERs data

Br: Wow

william: there needs to be a reckoning!

AM: Hospitals now referred to as that God forsaken Evil Place.

Zowe Smith-The medical coder in the movie: the loss of humanity was staggering...

Dr. Jane: HolisticNurse, you are a hero!

Sara: Shawn, yup, population reduction :(

Enid Padilla: All this hospitals needs to be responsible

Annie Ocdan: OMG I AM HORRIFIED THOSE F ERS

Ldydi: Just as the issue with Remdesivir was mentioned, I was disconnected from your film! CENSORSHIP in high gear! I don't know how much I might have missed. Thank you for this exceptional film!♥

Caroline : great film, this we know. my partner had a aunt who died at home of natural cause, no cold, when the emts came to pick up the dead body, they added Covid as cause of death to the death certificate. Another money scam.c

Zumi: Hooray for FLCCC

Leslie: PAY ATTENTION: It is critical to learn common law. That is our protection. Law is NOT HARD. Don't believe the "Law and Order" programming. Learn the common law.

Carol Sterritt: In Japan, they did not use ventilators. If a need for O2, the med people used C PAP machines. Inexpensive but best of all: Japanese had 1 corpse for every 62 corpses that we had in the USA.

Kaitlin: Annie - Im right there with you.. just in shock

Carol: We MUST stop the fiat currency they are borrowing every 3 months. 100,000,000\$ per every man, woman, child in America - the richest country in the world has to be borrow \$36 trillion because we don't have enough!

HolisticNurse: I refused to give the shots when

Shawn : one thing that is KEY is the commercials that were "friendly" about the ventelator

Stevo: Read "dissolving illusions" this isnt the first time theyve pulled this vax trick on humanity

AM: Yes Annie Octan

Colleen Clarke: We need the right of informed consent for all vaccines and for parents to have the right of informed consent or right to object

Debbe: It happened worldwide and people still think it was not preplanned

Margie Chism : Satanic Temples ■ Hospitals started out as; so read/heard. M

Shawn : amazon, Ford and other companies

Frank: We need a system that is completely independent of this cabal

Michelle Spencer: My mom kept telling me in 2020, "Do not quit, those babies need you and you're saving them." I want you all to know that my mom loved people and my mom loved babies. And she was the strongest woman I've ever known. I stand tall because of her. When I got the horrific email stating that babies are dying, I exposed that letter and continue to advocate for babies and pregnant women. My mom loved everyone. That's why these evil people killed her but I will expose the evil healthcare system for what it is and I will never back down and I love all of you and I will never quit. The babies need me and I'm saving them!!!

Gangsta Gammy : lisa me too

sally: no words for this

Leslie: When you know your unalienable Rights, and how to hold those to account who vilolate those rights, the corporate criminal cartel gets released.

Zowe Smith-The medical coder in the movie: I agree Frank, we do

Michelle Spencer: Do you want to read the email from my work? Reach out to me Facebook healing ground

GC: Hospitals got paid per covid diagnosis and more money for a death. Knew something was wrong with crap

Sara: Check Dr Mike Yeadon (former VP at Pfizer) warned ppl abt the jabs very early. Find him on Substack and Telegram

Sam: Every covid death case needs to be investigated. They need ti train people to learn how to pull records, look for things, advocate and file a class action.

HolisticNurse: I didn't get fired for refusing to give the shots - then stayed for another 1.5 years to do the informed consent portion before people had shots - most caved and got thembut not all.

Michele: As a nurse, I am so angry at the pharmaceutical industry, hospitals, doctors, nurses, and government officials, anyone who pushed this evil!! I was fired for not taking or participating in this mass murder. I pray for God to continue to reveal this evil and for people to wake up! Thank you so much for your work

Joanna: @Thomas Peckman - thank God you're still here with us

Shawn : according to this eugenics psycopaths. this is a humane death

Pete: This is absolutely disgraceful. These medical professionals need to be held accountable

Carolyn : Corrine thank God for people like you! I just think it was a crying shame and so many lives could have been saved if the majority spoke up. It was the impact of the brave truckers in Canada that worked as a whole and finally forced some changes in lockdowns and mandates and they suffered. They took over the bank accounts and sacrificed for the good of all. The medical community should have done the same. Shameful! I don't know how they live with themselves and still are pulling this nonsense on the uneducated and vulnerable. At the Big E they were still pushing the jab with a nice big tent offered FREE Covid shots and a free gift card to go with it.

Erin O'Brien: THIS NEEDS TO BE AT THE TOP OF OUR PRIORITY

Jason: Hospitals in my area started out run by nuns. "Mercy", "Trinity".

mary: too many people trust hospitals

Sam: Some people were laying in the morgue still with a heart beat.

Pete: They were all wrong with this approach. One size does not and will never fit all

Shawn : This is straight from the movie The giver

JenBDiaz: My dad was killed by a hospital as well.

AM: Call it what it is Premeditated Murder.

V.Penn: Can these people sue the doctors and hospitals? If not, why not?!

Suzanne: I truly wonder how many people were given excessive meds to hasten death.

Esther S. : If we don't do something, they will try again with round 2 of the purge

Erin O'Brien: NEVER AGAIN. WE WILL NEVER ALLOW THIS TO HAPPEN AGAIN

Joanna: hello to all NJ people, please no more jabs, no more 5G towers also, Belmar keep on opposing
vz evil towers

Erin O'Brien: ESTHER-AGREED

Shawn : where babies get killed and they changed the name

Jennifer: Crimes against humanity, justice will be served one way or another by the grace of God.

JenBDiaz: NEVER AGAIN IS NOW

Jean: If tyou can walk you can always leave a hospital. Only psy patients need to wait for 3 days if they were committed.

GC: I didnt tske it because of dr tenpenny, mike adams and alex jones. Neither did my husband and daighter. Unfortunately, almost our entire family did. When we see them i feel ill for 2 days.

Gangsta Gammy : Erin Obrien You are damned right we must stop this genocide of our people!

AM: Beautiful Sarah

Kathy C: The most inhumane time in living memory :(#thetruthwillsetusfree

Sam: Coriner would find people moving around and yelling for help in rhe morgue

Dolores: NEVER AGAIN!!!

Macro Val: It does not get any easier to watch these stories....

Dr. Jane: Dr. Oz is a snake in the grass

Debbe: Dr. Oz is a fraud

Dede: Oz is a snake

Ann Rose: Death centers.

Shawn : Watch the Movie The Giver and that what is going on

Joanna: Oz is no good

GC: Thr plandemic we the people ha e to stand and say a big F you

Zowe Smith-The medical coder in the movie: yeah, that guy is evil...

Michelle Spencer: The terrain is everything

Melissa: This is so heartbreaking in every possible way. This is a devastatingly shocking document of evidence of the true crime carried out against humanity. The work of Satan. Thank you to Polly and all for exposing this - all who played a role in this crime should be exposed.

Deborah W: Just what the Nazis did....

Nicola: Anniversaries are coming up soon for several people interviewed. It's going to be a tough time. Thinking of you all.

Jennifer: Dr Oz is a sellout \$\$\$\$

jackie: we were not allowed into the hospital

Dede: Oz is a devil

Shawn : killing people with a smile

Debbe: Oz has dual citizenship with Turkey

Lisa: Our Gov't is corrupt to the core!

Sam: Doctors of death!!!! Who birth's these doctors?

jackie: dad died alone

Sara: Trump pushed the jabs. Why is RFK Jr with Trump now??

Judy K: This is very sad, brutal, inhumane & shocking beyond words

Erin O'Brien: TRUMP DID WHAT WAS REQUIRED.

AM: Gov Cuomo had a DNR policy for anyone regardless of whether they had Covid or not. NYer's you can't let Cuomo run for any office anywhere in this country. Rachel : Tell us the names and locations of these hospitals so we can boycott them and warn others.

Sara: Shawn - you're right!

MissInfoHwy: So many of my personal friends were killed via hospital protocols...what an atrocity

Shawn : Sata exactly RFK is a fraud big time, said some good things over the years

Esther S. : Sara because power corrupts

Sam: People think that racism wont affect them. But these same evil doers never discriminate. Soon it always spills over to the masses. Always!

Macro Val: This is a fantastic story! Her husband saved her!!!!

Kaitlin: YES HERO

Shawn : Sara im in colorado but from Dallas

Reina: My family still believes the lies that the jabs are safe, and have gotten the boosters too. It breaks my heart. Nothing I can say or show them, like this documentary, will open their eyes. They refuse to listen to me because we are politically and religiously opposed to me. All I can do is pray for them now.

GC: Be good together on this. Sorry i hit send early

Elsie: Fauci is a psychopath!

Marie: At first, Trump was deceived. He then changed his mind about the jab.

Debbe: DO NOT TRUST RFK.....WAKE UP PEOPLE

mary: radio is still reporting kovid deaths and insisting everyone get vaxd

Erin O'Brien: JOSH - YES- RFK ALL THE WAY

MissInfoHwy: There are so many elites that have profited from one sector of these "medical procedures" and "medications"

Elizanna: The hospital killed my husband in 2023. I don't know if I'll ever get over the guilt of taking him there.

AM: MEDICAL FREEDOM 1ST

GC: MAHA

Suzanne: Patients can sign out AMA. It happens all the time.

Jean: Venting requires specially trained personnel but most who vented their patients did not have that care. Blowing out lungs!

Debbe: WHO CARES HOW MANY PULL UPS HE CAN DO

Macro Val: This story of the husband saving his wife.. made me cry the hardest....

Sam: Im afraid God is going to continue to destroy these places thru natural calamities. Im sorry. We waited too late to take action

Susie : We must destroy these organizations that did this to our families

Joanna: play this on CNN maybe the annual flu shots goers finally wake up

Marc: 🙌

Joshua : RFK is for ending Corruption, Pseudo-Science and is for principles of a Republic.

Debbe: We all have parasites. We are a third world country

Leslie: The UNITED STATES is different than the United States of America. Trump and Harris are running to be president of a bankrupt corporation. We are better off not giving either party our energy. We are a Constitutional Republic, not a corporation.

Joshua : Gene Therapy's = Covid Vaccines

Zowe Smith-The medical coder in the movie: just saying...my channels are not political...

Dolores: We all need to order Dr. Peter McCullough's Wellness Kit because there will be another Plandemic!

Sara: AM - yes! They tried to hide truth on alt media

Gangsta Gammy : FDA CDC Vaers etc. all lied and help PHARMA and Medicine Lie and cost us tons of money\$ Trillions! We have been so played

Emily: Research the herbs Ivermectin comes from. That would be a MUCH better holistic remedy to use. Hint: Look up "Wormwood".

Joanna: Shawn 👍

Dr. Jane: Ray Andrews, Trump takes credit for the vaccine...

Shawn : @Dawn I was born there!!! I was almost a SIDS BABY

susan: My ex husband's current wife got jabbed 2x at the age of 68 and started bleeding, her doctor said it had nothing to do with the jab. My ex was tested endlessly through the nose at work and died suddenly, and he was in great shape. I know the CDC killed him!

AM: Mauri....indeed. What happened to RIGHT TO TRY? Replaced by Forced to die.

Tami: I'm so alarmed how many patriots & parents of vax injured kids did NOT buy Ivermectin to have on hand

Sara: Good point, Leslie!

Debbe: Are you Dr. Jane Ruby?

Angie: If we lose Trump as President this will repeat on a higher scale in multiple dozen ways

Erin O'Brien: GET THIS VIDEO ON EVERY MEDIA PLATFORM YOU CAN.

Brooke: They should have been telling ppl Vitamin D and Vitamin C

Pacific NW bad ass: Way to go Michele! I stand with you!!!

Erin O'Brien: SO WHAT ARE WE GOING TO DO ABOUT IT?

Carolyn : The isolation is a killer in and of itself. So sad so many suffered and died alone with no one to advocate for them.

Dede: Dr. Oz is a sellout and was used to deceive us

Sara: Emily: yes!! Ivermectin causes infertility. See Dr Mike Yeadon. Big Pharma / globalists will grt us any way they can

Debbe: Trump does not believe in free speech

Zowe Smith-The medical coder in the movie: the playbooks goes beyond the tobacco industry

Mike S: Truly insightful commentary. It is appalling that a government can actively undermine the core foundation of our nation's future - our future generations need not be subjected to this. This is a stark indictment of our society and a betrayal of any shred of governmental accountability.

Ginny - Vax Injured: I took On Guard Chewable Tablets with C, D, Zinc and got over covid in 3 days, easy.

Susie : Dr OZ was always a fraud... look who brought him to us.. Oprah

Pam : Um Trump loves this country and wants to do right by it. Kamala is a known liar she was my AG. She is a communist.

Shawn : Use the Power of NO!

Joshua : BigPharma has poisoned humans since WWI

Sam: So we can go to these samw doctors of death bcuz names arent being disclosed

GC: Joanna. I am in NJ and came close to leaving to tennessee over covid but stsyed for elderly family. Yes, but you can say no. If they won't let you do it join a homeschool consortium.

Debbe: The FreeDumb trail is a sham

Rachel : How can a hospital keep a patient who wants to leave? Would a Medical Power of Attorney have given family the leverage to specify treatment and withdraw the patient from the hospital? How do hospitals get away with this tyranny?

Mauri Foster: Dr. Raper Magnolia Regional Hospital Corinth Ms

sally: Im pleased they are discusiing ivermectin

Joanna: All docs are saying is 'it has nothing to do with the shots' come on it has everything to do with it

AM: How many people did these talking head flunkies kill?

Gangsta Gammy : That lying Fauci he is scheisse

Patty saveriano : Bless all those continuing the fight...this is so well done and spot on

Leslie: Study common law. The UNITED STATES corporation cannot rule men and women. They rule us through our commercial consent. Once you know this trick, you know how not to comply, and hold the criminals to account for their crimes.

THOMAS IN WASH.: Trump unlawfully issued the EUA

Joanna: @GC 👍

Lina: Everyone should read SECRET COVENANT OF ILLUMINATI 👁. The text is SHOCKING. Illuminati, secret societies rule this world. Many answers are there.

Mary B: Vote. It's your faith and civic duty

GC: I use spike protein from the wellness company. It helps.

Diana: Millions if not billions of dollars were spent by our State Dept to censor the narrative supporting Ivermectin.

Shawn : Dr Jane no shit in westminster! im in Denver

AM: Anderson Copper CIA

susan: Thank goodness Trump came to his senses and and contacted RFK Jr for help

Lynn: Thank you for sharing this.

Barry: My father-in-law was admitted to a Vegas hospital for a fall, diagnosed with renal failure but also Covid. I spoke with the doctor and suddenly said "He needs Ivermectin". I thought she would balk at my "misinformation", but her immediate response was " You're right, but we're not allowed to use it".

Debbe: WE DO NOT SUPPORT ANY POLITICIAN

Brooke: Why hasn't Fauci been held accountable?!?!

Angie: Fauci is so dead wrong

Diana: Where is Fauci now? Is he still alive?

1wascallywabbit: Drew Pinsky PUSHED the vax for a VERY long time (still says ok for elderly) he has only just recently opened his mind and eyes to its injuries

Carolyn : We were able to obtain Ivermectin and did the protocol with success thankfully. The same as using alternative therapy for cancer. My father sought treatment in Mexico after being given six months to live. It took a year but he lived another 21 years.

Susie : Yes please sue CNN is barely hanging on to dear life

Shawn : Dr Jane im a rebel so no, I do watch this live at the boulder theater

L.N. : John Lukach- Author Are you available to reach on Facebook?

Debbe: CREDIBILITY LOSS WHEN YOU USE THESE SHILLS AND THEY CURSE

Bridgette: We have proof I am working on a case that took place in Sweden. Once we finish a low court there, we are taking it to international court to protect people from now on from this happening. I live in USA and part of this amazing team in Sweden. This kind of thing takes years, we are three and half years in. So sad how criminal medicine is.

Carla: Adria I am so sorry. Be the voice where you live as they are still pushing the killer boosters now.

Sam: My friend had to smuggle ivermectin from across the border because it was banned in the US.

Dr. Jane: Shawn, we were there together

Joshua : CIA's Operation Paperclip = Nazi's & Japanese Scientists Acquired for DOD/NASA/Area 51/Corporations, etc.= Deep State Psychopaths

Rivkah: Who cares what people treat themselves with. OUR BODY OUR CHOICE!!

Heather: Does anyone remember the name of the man who was a vaccine awareness leader from CA who organized all those sign demonstrations?

Carla: the evil Left burned the main American ivermectin factory down so we couldn't get it. I get mine from India.

Gangsta Gammy : millions worldwide are dead! There is no credibility left only we the people

Patricia: Fauci, Bill Gates, Klaus Schwab, Tedros and all medical staff that murdered these innocent patients need to rot in a rat infested, sewage flooded prisons!!!

Audrey : There it is. Over 1 billion dollars!

Christine, RN: I am disappointed that I have invested this much time watching this movie without learning anything new. I listened to Kennedy's amazing book. This is the same info.

Sara: Stay away from ALL big Pharma meds! Eat healthy, stop eating processed foods, get exercise & sunshine. No need for any Big Pharma meds!

Joanna: Ivermectin is great for parasites, no side effects

Dr. Jane: Shawn, I guess I see being a part of CHD CO as being a rebel

Leslie: They win when we fight. They don't care what side we take, just that we take a side. Stop arguing over Trump or Harris. Instead, study how to use law to protect your Unalienable Rights. Both Democrats and Republicans are from the same corporate criminal cartel masquerading as government.

Debbe: Why do people still believe in Trump and let him off the hook???????

Justin: Debbe please take your political views somewhere FOR political views. This is about vaccinations

Lina: And the C-19 jabs are still with INTENTIONALLY BLANK PACKAGE INSERTS! No informed consent. No liability.

Dr. Jane: Shawn, I look forward to getting your email

Enid Padilla: Are these hospitals been sued?

Tina: Bible states in the last days many will die. Sounds like the beginning of it. Now the wicked WHO wants monkeypox to frighten people and ofcourse they have a jab for that already! More than a million die from tuberculosis each year. 500 die from "m-pox" and they want to call another pandemic? What about the graphene oxide in the jabs which is a great conductor of 5G - how many will die from that?

GC: If you bote harris, you will have a vaccine card. Let that sink in. Besides letting in illegals and giving them more money than Americans who are dire straits in FL, GA, NC and TN

Gangsta Gammy : Debbe I USED CAPS TO SEE EASIER. AND I CUSS CAUSE I DONT PERSCRIBE TO PC

Kim: "The Amish are a perfect example of a large group of people who are largely unvaccinated," testified Steve Kirsch before the Pennsylvania State Senate. It was calculated that for Amish children, who are strictly 100% unvaccinated, typical chronic conditions barely exist, if any at all. The chronic conditions, which 54% of vaccinated American children suffer from, include autoimmune disease, heart disease, diabetes, asthma, ADHD, arthritis, cancer, and autism.

These monsters who pushed all of these dangerous 'treatments' need to be tried for crimes against humanity. The Nuremberg Code was violated. Nazism is alive and well.

Dostevs: Hi

Pam : Zowe I wrote an article including how the coding pushed the deaths due to the Grouper. I spent 10 years in healthcare I was there when coding started. They keep hacking my blog & server to this day

Tina: FOI worldwide for the isolation of viruses shows that covid etc have NEVER been isolated. So what is the real reason for these 'diseases'?

Lori: Carolyn - Thanks for sharing ! God is great & has provided what is needed , check out ivermectin & cancer , i realize unrelated in your above info but proven to be powerfully anti cancer too (iver)

AM: Thomas...still about depopulation.

Sara: Susan: yup, dont jab your pets either! Contagion & virology are Hoaxes to help selll vax shots & drugs from the injuries

Zowe Smith-The medical coder in the movie: those people are the real heroes, I wish I could have helped patients escape

Reina: God bless all the nurses who blew the whistle about the corruption that was harming and killing their patients.

Shawn : cool people email me

Dostevs: They murdered my uncle with Remdesivir. I miss my uncle so much.. RIP Andy

Gangsta Gammy : MANY NURSING HOMES PUT AND ARE PUTTING PEOPLE IN HOSPICE THAT DO NOT EVEN NEED TO BE. THE MORE OF THE OLDER PEOPLE THEY KILL, THE LESS THEY PAY TO SS AND MEDICARE, EVEN THOUGH THOSE PEOPLE PAID INTO THESE FUNDS.

Pacific NW bad ass: Great question V.Penn. All these entities are in bed together: Big Pharma, hospitals, and courts.

Diana: If they tested the patient with the PCR test, they were bound to get a false positive.

Shawn : shawnspain@protonmail.com

Fran Angel : Fauci said remdesivir diminishes the time to recovery. This monster was telling the truth ! There is no recovery therefore using doublespeak to sound benevolent but in truth being murderous honest

Tina: Any nurses or doctors on here? Are there recurrent Kidney problems or symptoms to watch for longer term after recovery?

Erin O'Brien: I DON'T CARE ABOUT POLITICS BUT RIGHT NOW ALL WE HAVE IS KENNEDY WHO IS UNDER TRUMP. SO WHATS IT GOING TO BE. WE CAN'T JUST USE THE 'LAW' WHEN THE LAW WAS CLEARLY AGAINST ONCE BEFORE.

Carolyn: Carla, the biowarfare laws that apply to emergency use authorize drugs (including Remdesivir and the C-19 Vaxx) provide complete liability waivers. In the Watts case just decided in DC, which was against the DOD, which is what brought us the Vaxx, there was no government liability due to sovereign immunity. States have sued for violation of state consumer protection laws. None have succeeded so far. The Amazaing Grace case has a little different theory, I think involving her disability and lack of informed consent, has not been decided yet. I'm an attorney and have been following all of these cases -- I'm not optimistic, but I am hopeful the courts will turn.

Dawn : Every dr and nurse who participated in these murders better be held accountable or there's gonna be a big problem when the sleepers wake up

Kaitlin: Fired for not giving remdesivir?!? Okay this is crazy

Carolyn : It was hard to watch this. We had to go to the hospital monthly for our son's IVIG infusions and it was strange to see empty rooms. Especially on the Peds floor when they were telling folks the hospitals were full....they weren't.

Pam : Trump made it available I do agree that seems like a mistake. He would never mandate it.

susan: I'm no Trump fan but will vote for him since RFK Jr will be the one to choose who will be in the CDC HHS NIH USDA etc

HolisticNurse: May God honor and bless you Kay

L.N. : So much common sense and the ability to think for oneself and also simple Compassion has been lost in healthcare. (former RN) has been lost in healthcare.

Mary B: All Family Pharmacy on Public Square has Iverectin

Pacific NW bad ass: Great question Suzanne. I wonder too, what the actual losses are. NO one knows, all covered by shame, silence, and deception.

Sara: Gangsta G!mmy: yes they killed elderly all over the world. Save billions in SS/retiremwnt

Angie: Harris is evil. In bed with big pharma

Shawn : Why do people talk about trump in here? It a cult, the NURSE and "Doctors" were killing people THEY could of said NO

Tina: All downhill since the Rockefellers took over hospitals and doctors 'courses'.

Jean: I agree Susan Vote for Trump with RFK Jr in the background

Joanna: healthcare all for profit, human lives don't count

Deborah W: Rich, mine is fine...

pearl: I never believed the Ivermectin/Horsewormer narrative because I have taken it several times after I travelled to Africa and Middle East. My GP prescribed Ivermectin against parasites and worms after every trip to the Third World countries!!!!

John: Until we take away the medias power to think for us, those who took the oath cannot act.

Renee: So very sad and alarming! I will not go to a doctor for this reason. Not to be trusted.

Carla: Nurses were forced to get the killer shots too! So their employer gave them killer meds as that would kill off any witnesses to their murder.

Joanna: Harris = 🐱

Zowe Smith-The medical coder in the movie: yes Tina, it's in my book

Kay: Thank you, @Holistic Nurse

Barbara NJ: LIVE CHAT IS ANNOYING

Sara: Tina, you're right! Big Oh

Kim: Does anyone know what has happened to Reiner Füllmich? He is a COVID legal expert? Last I heard he was jailed in Germany.

Pam : There was a lawsuit in CA where I am we have extensive laws mirror Nuremberg believe it or not. I helped people with their rights during Covid

Kaitlin: Hero!!!

Dr. Jane: This nurse is such a hero!! Respect!!!

Diana: @Susan I volunteered for RFK's campaign for a year and now I don't want to vote for Trump but I feel like I don't have a choice.

Nicola: Elderly in UK care homes were killed with Midazolam and Morphine.

Shawn : Like that lady said all the rule followers are now in the hospital

Gangsta Gammy : SARA TRAGICALLY

1wascallywabbit: I agree Susan & Jean

Joanna: Nicola yes terrible

Barbara NJ: LETS FACE IT THEY KILLED EVERYONE AND WHAT ARE WE GOING TO DO ABOUT THIS?

Jorge: Alguien por aquí que habla español y sepa decirme si se puede ver subtulado en español?

Elizabeth from Canada: So happy to hear about the heros.

Elizabeth from Canada: The good ones got let go.

Sara: Tina , you are right! Big Pharma strtrd by Rockefeller see Toxicology vs Virology DrSamBailey.co.

HolisticNurse: Carla - we nurses were held down and forced. It was a choice I chose not to make.

Others just weren't willing to lose their jobs.

Melody : Lord have mercy on those who are suffering this evil

HolisticNurse: We're not held down that is

Michele: thank God for the heroes in the hospitals who stood up and saved lives!!

L.N. : Good to hear about these healthcare workers that have courage. Restores some faith in humanity

Thomas Peckman: With a 67% O2 sat in needed oxygen but had no way to get it other than going to the hospital. Working in the lab of the hospital where I spent 38 days in the ICU, I knew that none of our COVID patients had left the ICU alive. When I called the ambulance, I knew it was taking me to my death.

vibroso101@tiktok.com: Enough is enough!!!

Gigi : TY from FL

Pam : My daughter got it rebelliously now she has heart problems. I hate they tried to brainwash the kids. She is 23 now.

Ginny - Vax Injured: Refuse all meds. There are so many natural ways to beat injuries and illness.

roslyn h: hope this doesnt happen with avian flu next

susan: I have always avoided hospitals they are warehouses of death

Heather Herington: Does anyone know the name of the female doctor with long grey hair ?

Shawn : It is a Death Cult its obvious

Dawn : Just following orders is not gonna get them off!!!!

Bob Munro: Fauci should be executed for multiple murders

Ed: So much death it is heart-wrenching.

Macro Val: Look at all those faces! So powerful a message to stop this!

Diana: @HolisticNurse ❤️ Thank You ❤️

sally: look at these beautiful faces

Mary: Children'shealthdefense.org is Truth! Bobby Kennedy and his team are saints. They helped us open our eyes and see the truth. Thank you all!

Tina: People are STILL dying from these jabbs - cancer, heart problems. It goes on. Justice for them

Ed: Never again.

Pam : Avian flu is BS. I knew they were trying to do that at least 3 years. We have chickens.

Ann Rose: I love this documentary.

Esther S. : THANK YOU!!!

long-time WA state activist: how many patriots and vaccine risk aware still ave no stash of ivermectin, etc on hand?

Lynne: I'd like to own this on DVD please

Shawn : Pam sad they tricked the "rebel"

Suzanne: It will be years before we know the true numbers of people injured by the jab. My guess is their deaths won't demonstrate the true cause.

Erin O'Brien: LAW MAKERS ARE CURRENTLY TRYING TO PASS A BILL TO REMOVE LIABILITY IMMUNITY

Sandy: Yes: Fauci should be executed for multiple murders

Sara: See Mark Crispin on Substack re Died Suddenly reports. Crispin was a prof of Propaganda at NYU till he got fired bc student reported him for qu

Deborah W: CHD Thank you for this!

Carla: sue them all for premeditated murder Liability waivers do NOT apply to criminal acts.

GLEN: Thank God for children's health defence.

N.Cal Mike: Trump never mandated the vaccines. Biden/Harris mandated the death shots

Marie: Soon after, Trump said that the jab was bad.

Robins Rabbit Hole: HOW CAN I BUY THIS???

Pam : thank you Shawn I know. They use social media to get the kids

Upstate NY: AM agree

Ginny - Vax Injured: Mine is the MMR shot on the bus. My son was penicillin injured

Elizabeth from Canada: Thank you CHD for producing this premiere.

Dana : Thank you to all of you in the medical profession that took your oath and stood up to this evil.

Robin: Fantastic film!! Thank you!! However, they will try again, maybe with mpo, maybe with bird flu, who knows - we need to be prepared for the next onslaught. And the UN trying to take everyone over. We need to organize.

Gangsta Gammy : WAIT UNTIL THE MEDICAL LIES COME OUT ABOUT TRANS AND MEDICAL TYRANNY AND HORROS THERE! WE ALL KNOW THIS IS A MARXIST ATTACK ON HUMANITY AND WESTERN CIVILIZATION. BUT TO KNOW THAT OUR OWN DEEP STATE IS COMPLICIT IS DEVASTATING. IT MUST STOP AND WE HAVE TO DO THIS!

Jorge: Soy el único que habla español? madre mía ...

humanitySOS: You can find the possibility to support Reiner 🙌 HERE: <https://icic.law/> @icic_law_official @icic_law_news @ReinerFuellmich @ReinerFuellmichEnglish @ICICCommittee22 www.icic.law

Andrea : Thank you CHD ❤️

L.N. : Thank you CHD. How can we share this movie with others?

Margot Jones: We need something for justice beyond the Nurenberg code

Pacific NW bad ass: WE must ensure this evil NEVER happens again. This is a CRIME AGAINST HUMANITY. NEVER AGAIN!

Emily: The "order followers" who implement the policies are MORE guilty than the order givers since the order followers are the ones who are directly responsible for harm, death and destruction since it is their actions, that bring it about.. So people should stop and think if "just following orders" is the best thing to do for all involved.

Valerie: Thank you CHD for all that you do!

humanitySOS: #freeReiner

susan: Just remember those who have passed still have their spirits present with us.

Lisa: He is still alive and has secret service detail 😞

wrangler: Our paper Druthers says the number of deaths due to the vax is near 17 million

Ginny - Vax Injured: Yo puedo hablar espanol tambien

Danielle White : Hospitals suck. I avoid them. Have a respiratory infection now and a deadly disease but I stay away from doctors and hospitals.

Erin O'Brien: GANGSTA GAMMY- YOU SAID IT

Jean: Used for River

Dr. Jane: Jorge: no hablas ingles?

Michele: I thirst for Justice!

vibroso101@tiktok.com: No Jorge , 🙌

Stephen from NZ: The crime continues down under

Marcia: Thank you for this. Please share it everywhere!

cccran: Canadians are driving to the U.S. so they can get the Novavax "C" Jab. One guy said he had a bad reaction to the regular C jab, he thought the Novavax would be safe. The Canadian gov't won't order it.

Pam : Despite the CDC - horse ivermectin works. That's all I have ever taken.

Macro Val: i remember that story with the mom and the blue bear with her sons's ashes.

Reina: They "took one for the team" implies they volunteered to die so that we could live. They never wanted to die. They wanted to survive and were murdered by those they trusted to know how to help them; the so called professionals of their field of expertise. What a betrayal they suffered, and their families as well.

Shawn : This is all eugenics, The american Eugenics society and now called Planned Parenthood

Suzanne: So many babies died in utero because their mother was advised to take the jab.

Susie : My name is in the bus from a previous flu vaccine jab back from 2007.

Margot Jones: Families loved ones are still dying from these death shots.

Michelle: I'm in a mess. Lost my Dad and Mom. Murdered in hospital. Is there any way I can link up with others in the UK to make those responsible (ALL of them) accountable? Thank you for your work in continually exposing this evil. GOD BLESS YOU ALL

Zowe Smith-The medical coder in the movie: correct Suzanne

Gangsta Gammy : IF WE CAN SEND BILLIONS TO PEDOS LIKE UKRAIN LEADER WHO PLAYED PIANO NAKED, WE CAN MAKE THE PHARMA, MEDICAL, AND POLITICIANS, AND CONSULTANT CLASS OPERATIVES PAY THIS IS GENOCIDE, THIS IS MURDER, THIS IS TREASON. YOU ALL KNOW THE PUNISHMENT! THEY SIMPLY MUST BE HELD ACCOUNTABLE!

Pam : Awww my son is Sawyer. So sad.

Mike64: Medical death centers formally known as hospitals

Jorge: Menos mal, ya no estoy solo jaja El ingles no lo domino muy bien...

Elizabeth from Canada: All we can do is educate.

Shawn : Susie!!!! which bus?

Annie Ocdan: NO VACCINES FOR CHILDREN!!!!!! NO VACCINES FOR BABIES, NO VACCINES FOR PG MOMS

Leslie: When you learn the law (not hard) and how to live in the private (outside their corporate structures) you will be free.

Kim: Asking again:

Zumi: I watched that interview so sad

vibroso101@tiktok.com: @jorge estoy yo aqui tambien ok! 👍

Kim: Does anyone know what has happened to Reiner Füllmich? He is a COVID legal expert? Last I heard he was jailed in Germany.

Robin: Kim - I think Reiner Fullmich is jailed in Germany. What can we do to free him??

Pam : Both my kids have vaccine reactions, both at age 14, both known issues I was never told. That makes me mad as a parent.

humanitySOS: Dr. Reiner Fuellmich, is a political pharma industrial complex prisoner in Germany

Becky Leski: My husband was killed by his own hospital where he worked as a physician. We were with him every minute he was there and we saw, heard and felt the evil.

Sandy: Children are being injected with toxins 72 times or more by the time they are in High School....I am amazed that anyone survives this effing industry. SO ANGRY!

Erin O'Brien: BILL GATES ANTI-FERTILITY AGENT IN HIS TETNUS SHOTS USED IN AFRICA

Elizabeth from Canada: The movement is growing. It only takes a spark.

Shawn : Susan hospital is a dangerous place

wrangler: No vaxxes ever

Pam : Yes he is in jail. No idea do not know German law. They kidnapped him in Mexico

Kathy: Polly & Crew, how are you taking care of yourselves in the midst of constant secondary trauma? I pray for your wellbeing. Thank you for this invaluable work. <3

Jorge: @vibroso gracias, ¿sabeís si se pueden poner subtítulos en español? he estado mirando pero no veo ninguna opción...

Anonymous: Here we are in October 2024 and with all we have learned they continue to push the Covid vaccine

Margot Jones: We must continue to fight for ALL our freedoms across the board

Elizabeth from Canada: Question everything!

Ginny - Vax Injured: Last year CHD bus came to our town and i signed bus and gave interview. Watched a great informative movie and got some great books

Lynne: I wonder if the people in this chat that are dissing RFK, Jr realize that he's part of the reason this organization exists.

CJ: the devil comes to steal, kill and destroy. That's what this covid virus and vaccine did.

Ann Rose: Bill Gates of Hell

PatriotMom : I can't think enough all of you who spoke out and stood up against the lies the vaccine, and the lockdown

Leo hetzendorfer : Thank you

Shawn : Erin O'Brien are you erin health news?

Sharon Clees: What a movie regarding the evil that has happed in the country and world by people who are suppose to help others and they could have cared less. It's all about money now in healthcare. I will never take another shot of anything again. My faith in medicine and doctors has changed completely.

Judi Calif. Nurse: This was a great video of Robert F Kennedy Junior. I watched today and he was explaining why we need to reject Kamala Harris. (I call her Comrade Kamala the Communist Candidate) and why he supports President Donald J. Trump. He talks about how the Democrats constantly tried to keep him off the ballot, but now that he is supporting Trump, they want him on the ballot so it will cause many people to vote for Kennedy, which would take votes away from Trump. Kennedy is no longer

running, but he will definitely work with President Trump. Great video.

<https://youtu.be/Gu47cE8mwqM?si=4s0hW0BCMIb7jmLP>

Suzanne: We know the vaccines are not safe.

Gangsta Gammy : REMEDY 8 PART SERIES, NOT ONE VACCINE IS SAFE OR NEEDED. IT WAS A LIE, A SCAM, AND WE ARE TOTALLY THE PREY!

susan: My phone rang endlessly for months and people came to my door until I put up a NO TRESSPASS sign, they wanted to kill me!

Erin O'Brien: SUSAN- AT HOME BIRTHS ARE BECOMING ILLEGAL IN SOME STATES

Thea Woznitza: Thank you CHD I'm from Australia and I'm forever grateful to you and the team and all that you do. I will continue to share your messages and continue to question everything

Zumi: You can write to Reiner. He is in German prison on bogus charges.

Stacy: It's important to document stories and bring awareness but it's also time for action. There are cases taking on the legal system (like my own) and we all need financial help to get us as far as possible. The hospitals count on us not having the funds to fight this. This is where big organizations needs to ban together to crowd fund to get these cases that have attorneys to the finish line. Help us so that we can fight against the corporations with deep pockets. As our cases will open the doors for others. Otherwise we are simply just talking.

Pam : Yes our 84 year old former nanny has taken every booster. Kills me.

Robin: Some of us grew up in the 60s - I think I can count the number of vaccines we received on one hand. We got the measles, mumps, chicken pox naturally and we have lifelong immunity.

Barbara: Must Read "the Real Dr. Fauci" -

Rick: Question everyone! (And record it.)

susan: Screw the law!

Pacific NW bad ass: Oz, Gates, Fauci deserve to rot in hell, for this intentional evil.

Gangsta Gammy : SANDY MANY SHOULD BE

Linda: My husband was left to die. Nothing by mouth, no IV.

Vivian Stuart: Polly Tommey & the CHD Team a sad but wonderfully done film. You've helped to wake more people up. You're a Blessing to Humanity. Keep speaking Truth, GOD IS TRUTH,

Nicola: When I worked as a Midwife in th 80s and 90s, we advised pregnant women not to take ANY medication except Paracetamol if absolutely necessary.

Elena: I didn't trusted then before Covid but covid sealed it for me. Killers!

Ed: People use homeopathic in place

Kay: Thank Gd my daughter chose to totally forgo vaxxes with her second child who was born a year ago. It's been rough finding childcare, a pediatrician, etc., but it's been worth every moment.

pearl: After this doco I will be watching Dr David Martin: Time to destroy the WHO on Rumble!!!

Pacific NW bad ass: Yes Shawn - Brave New World and 1984.

Gangsta Gammy : THE LEVELS OF AUTISM, ALLERGIES, OTHER SIDE EFFECTS ARE SO SO OVER THE TOP! WE MUST STOP IT AL!

Thank you polly: My husband was released from the hospital prison on 9/21/201 in a body bag his crime he was unvaxed

Sara N: I can't believe people still taking these. Maddening.

Margot Jones: I was at a meeting once and a doctor said to me and I quote: I know that I am harming and killing children and people by giving them these shots. but what am I supposed to do, I need to take care of my family.

Jorge: @Daniel gracias, que putada...

Mary: Yes, question EVERYTHING!

Skyminke: ❤️ Thank you, Polly, for enduring all of these painful stories. You have always been my Polly Pocket from the beginning on Periscope. I love you ❤️ and thank you for CHD for continuing to tell the Truth. I can hardly wait to share this wonderful documentary with my family and friends tomorrow ❤️

Debbe: You people do not have a Saviour in Kennedy or Trump or any man

Pacific NW bad ass: RFK has lost his mind and found his wallet. So disappointing!

connie: Vaxine's and plastic.....Micro plastics are in women's breast milk and even in the umbilical cord.....we need to make people aware of this as well.

Jaclyn: Yes! much more of my mom friends are awake

Shawn : Huxley and Orwell knew each other and that how he wrote 1984

Pam : The reason they push on the kids is to get out of all liability. I explained this in a video on Rumble. (PamRagland)

vibroso101@tiktok.com: @jorge no solo hay cc en English

Suzanne: I am sure another planned-demic is right around the corner.

Diane: I lost my sweet, vibrant sister-in-law to the jab. She was poisoned. My brother is still in denial. It's so sad.

Ed: People can use homeopathic medicine in place of childhood vaccines. They work.

Lainey: We need to demand an official Tribunal.

Pam : They are trying but it's not working Suzanne!!

Margot Jones: I asked with blood money though?

Gangsta Gammy : ERIN ME GAL WE HAVE TO STOP THEM!

Zowe Smith-The medical coder in the movie: please share the message, warn others. get my book at readthecovidcode.com

Shawn : The next wave of vaccines coming is CANCER vaccines

susan: I don't like Trump but if he is not lying about allowing RFK Jr to help us, then my vote is Trump.

Jorge: @vibroso si, me lo acaban de comentar, una lástima...habrá que esperar a que alguien lo subtitule al castellano para poder verlo

Zumi: So sorry Diane

HolisticNurse: I know RFK runs this. I still have questions about all politicians in the upper ranks.

Shawn : 250 vaccines pending so bunch are coming

Macro Val: Claire's baby!! so beautiful! So sweet!!!!

L: The Lord gave us fantastic immune systems!!!!!!

Barbara: totally agree w/Dr. Kory

Michelle: The minute a 'vaccine' was announced, I knew then that COVID was manufactured and a depopulation program. All the evidence out there now proves exactly that!! This is genocide.

Jaclyn: Signed the bus as vaccine free family (kids). Thank you to the movement for informing us!!

jo: Guard you loved ones with your life

Annie Ocdan: THANK YOU SO MUCH!!

jo: your

Mario A Leblanc: Mother - Just say no.

Macro Val: Yes,, EVERYONE needs to see this!!!!

Michele: It amazes me the level of master deception and willingness to believe what is being fed by those committing this murder

Nicola: Congratulations to Claire.

Jeannie = Ontario Canada : I had to go back on as the movie stopped..

Gangsta Gammy : INTO THE LIGHT BY MIKE SMITH

Shawn : brainwashing hardcore targeting our subconscious mind

Kay: On the other hand, my son has refused to allow us to see his son. He said that once his son is 'fully vaccinated', then...and ONLY then...will we be able to see him. My fourth grandchild. I've never seen him, held him, sang him a lullabye, nothing...all because of fear. Very sad situation, but we will not bow to tyranny to make someone else feel 'safe.'

Pam : CA is hard to say no but it is possible

Upstate NY: Erin O'Brien: 100% Trump

Margot Jones: He just walked away from me with no answer.

Valerie: They don't have enough busses for all of the injured/dead due to vaccines!

Dede: I SUBBED TO THE FDA YOU TUBE CHANNEL AND YOU ALL SHOULD TOO... NOTHING BUT A PACK OF LIES... KNOW THINE ENEMY

Macro Val: We are WINNNING!

Mauri Foster: I am so glad that I researched the Covid vax before the Military mandate came in- my son under 30 took the J&J which I think was the lesser of the evils

Thank you polly: Www.righttoremedy.com sign and share

Enid Padilla: Dislike that Trump was portrait in here that way, I will share more

Susan B: Thank you...this was amazing.

SBeth: MAHA!,

Erin O'Brien: I THINK THIS NEEDS TO BE PUSHED AGGRESSIVELY INTO THE PUBLIC TO BECOME ADAMANTLY AWARE. DEMANDS FOR COMPENSATION AND REPERASTIONS NEEDS TO BE SHOUTED FROM THE ROOFTOPS.

Tina: I'm a nurse from New York and I worked in the Covid ICU. I SAW SOME SHIT PEOPLE!!! Like trying to manage 4 code blues at the same time. Remdesivir:us nurses called it RUN, DEATH IS NEAR!!!

Shawn : Dana YES

jo: I try to tell others kindly but get told i am nuts and a tin foil hat

humanitySOS: The ultimate RED PILL is to withdraw all participation in the systems that enslave us. Create a parallel economy by purchasing local, eat real food, purify your water and air, use NO drugs, use plant medicine instead, pay as little taxes as possible to starve the beast, treat others as you would want to be treated. These things are a good start.

PatriotMom : I will stand up against this himan experiment ❤️❤️❤️❤️

Ginny - Vax Injured: Get the toxins out of your life. Your cleaners, your body care, your bedding, your clothing. Its all so toxic

Michelle Tennyson : Thank you CHD for your continued work! My bff's mother just passed away 3 hours ago. She got 2 shots & was diagnosed with cancer a month ago. I'm guessing it was one of these "turbo cancers" bc it took her so fast! I blame those shots, I begged her not to take them!

Jaclyn: and no vitamin K!!! it's not a vitamin and has a black box warning of death

Lori Bridgford Redding CA : Steve Kirsch also addresses so much on how so many were gaslight

Sara N: @Ginny, where do you find these types of oils?

Mandi: My blinders came off about vaccines in 2007, after my third daughter had her second febrile seizure reaction after vaccines. Rhis was my second child that had this reaction. She dealt with being horribly sick up till I began to detox her at the age of 5. My first three children were all vaccinated from 2001-2007; sick all the time, constantly in and out of the ER. My last two children have never been vaccinated ever, never been to the ER and barely been sick. They are my two healthiest kids.

Ginny - Vax Injured: vitamin K, really?

Vivian Stuart: I opt-out of my medical insurance because I will not go to any doctor dictated by the insurance company. I stay away from all hospitals and other medical facilities. I'm a medically informed Elder. We must always be the "Advocate for our Health".

Lynne: I don't believe Dr. Oz deserves to be in the same category as Fauci and Gates. 2021 he too the jab, 2022 he stated in the Washington Examiner that "Fauci has misled us" and he decried vaccine and mask mandates. People can change their minds and everyone deserves a 2nd or 3rd or 4th chance. Plus, he's take so much crap from the world of conventional medicine over the years for presenting alternatives (he's had Dr. Mercola on his show back in the day...how quickly people forget). AND he was the first one

to decry arsenic in Apple juice harming children and he got a lot of flack about that too. No way is Dr. Oz in the same mental space as Gates and Fauci. I disagree with him on a few things but agree on many. In cases like this, I wouldn't throw out the baby with the bathwater as the old saying goes.

Judi Calif. Nurse: As a registered nurse (critical care)who retired before Covid , I approached a nurse at Kaiser Vallejo who was giving the Covid poison shots, and I asked her if she knew that they were harming and killing people and her answer was: " I have a mortgage" and she didn't seem to care that she was killing and injuring people. I watch so many of the peoples truth stories on CHD.TV and I was constantly

yelling out that these people were murdered. It is so sickening. I sort of wish I could've been working in the hospital so I could've done something to help people.
