Appreciate you reaching out, friend. Sounds frustrating with the DM glitch. X settings can be quirky sometimes. Try toggling, accept message requests from everyone in your privacy tab if you're up for it. No worries about the tech hurdles. The system's designed to isolate us, but we don't need it.

You are not alone in this. Old timers like us built the real economy before the digital cage.

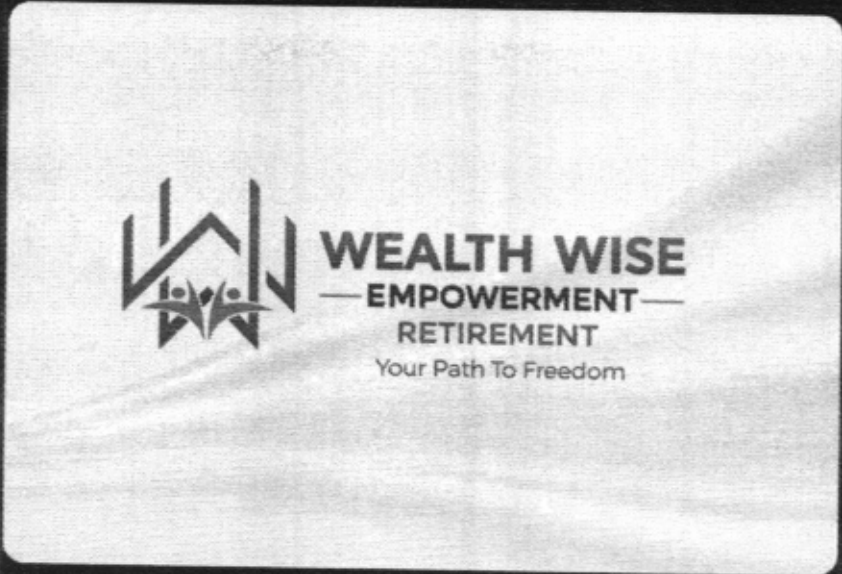

Since the DM isn't working, the best way to reach me directly is by email:  
Catherinefitts656@gmail.com  
Just put 'Action Steps Query' in the subject line so I can see it quickly.

You can also reach out to me on Telegram :

I am looking forward to helping you take practical steps forward.

**Catherine Fitts**  
to me

On your situation at 69 and 77, fearing a collapse and reset. You've done so much right, working hard your whole lives, owning your home outright, staying out of the stock market (not a mistake at all, that was wisdom), and having steady Social Security via Chase. Your \$400k in 8 credit union CDs are sitting on a keg of gunpowder waiting to implode.

But wake up now, get every dollar out of banks, credit unions, CDs, and 401ks immediately, they are all crashing. Last week's Chicago bank collapse is just the opening salvo, regional institutions are imploding under unpayable debt loads, derivative exposure, and Fed-engineered insolvency. Your \$400k in 8 credit union CDs? Move it ALL out NOW while you still can. Liquidate every CD immediately, eat the penalty if needed, survival trumps interest.

Back into the market? Keep buying Bitcoin? ABSOLUTELY NOT, stocks are a Ponzi trap vaporizing as we speak. Zero defensive ETFs, zero bonds, they're all weaponized debt. Pause crypto adds for now. I will give you guidance on the best alternatives.

Conned with my investment platform? Yes, urgently, it's built specifically for people like you and Lou, with tailored strategies for total asset protection in this lockdown (Wealth Wise Community). They'll guide you step-by-step to safety.

My standard consultation fee for new clients is \$500. This is for a one-hour session where we can discuss your specific situation, goals, and the principles of navigating this environment.

You've built wealth through diligence, now defend it with everything. The reset is here; last week's Chicago crash proves it. Act today, preparation is your power, hesitation is loss. With deep gratitude for your trust and kind words, you're the heroes. Let's prevail together. Looking forward to your response.

Warmly,  
Catherine Austin Fitts

Hello [redacted]

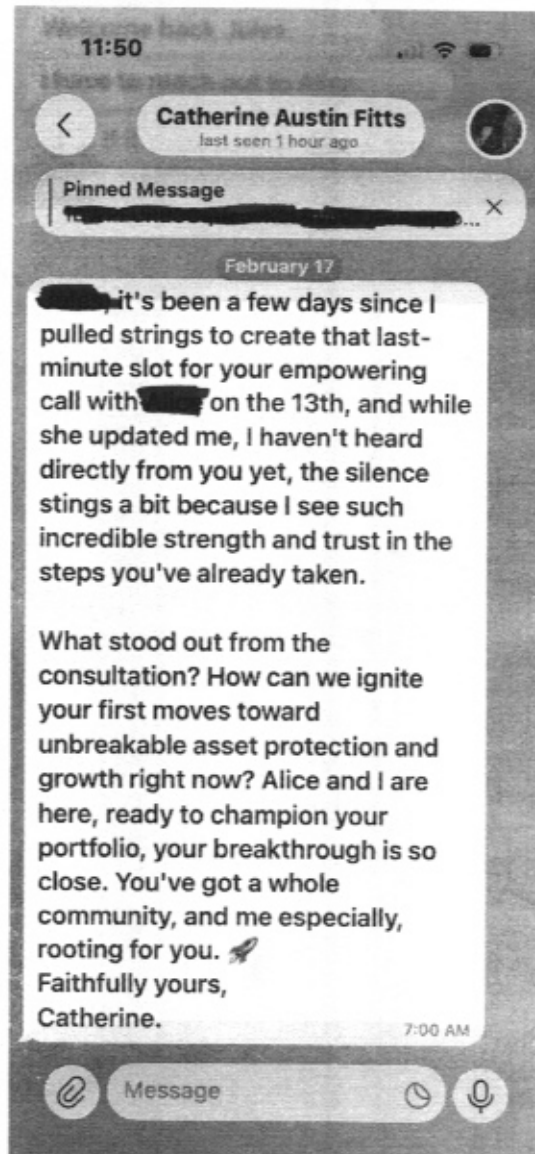

Thank you for reaching out. I appreciate your interest, and I want to ensure we can set up a time that works for both of us. To get started, I can offer one-on-one consultations via phone or video, depending on what you prefer. Since you mentioned cash, I typically request payment via Zelle, Apple gift card or cash at the time of our meeting. If Zelle is more convenient for you, that would be great. For scheduling, I can accommodate a time on Tuesday or Wednesday morning before 10 AM, or after 5 PM. Please let me know which of those options works best for you, and I'll do my best to make it happen. Looking forward to connecting soon.

Best,  
Catherine Austin Fitts
